Visit the site External download site We suggest you try your hand at OffRoad Drive Desert, which is a great off-road simulator. You can drive through a lot of cobbles, overcome a lot of steep hills, and sometimes even get through the logs over a huge abyss. Features of the gameplay process, when you pass a certain number of levels, you will be able to buy new machines that may differ in characteristics. Any new level will be a new puzzle. It is also important to know that the cars in this game are damaged in case of accidents and collisions with other objects. The game is notable for its interesting physics. Passing through various obstacles, your car will slide or lean. All this will happen with incredible realism, so you sometimes have to work hard to successfully go through another difficulty. The app, among other things, is notable for its remarkable registration. Particular attention should be paid to the schedule. Users will also be happy with the large number of levels available. The game provides a lot of useful bonuses and levels. It provides a dynamic change in the time of day, several camera position options and more. Weaknesses and pros Are Impossible to highlight the exact disadvantages, because the project is executed well enough. The only significant disadvantage can be considered only the demand for a mobile device. However, the developer doesn't have any gadget requirements other than the Android version, so you'll have to pilotly check the app's performance on your device.
