We apologize for this inconvenience and are dealing with the problem. Minimize chat bot window loading Chatbot New message Hi Nojay. I've probably just passed the same research you've got. There is no documentation available for F_USB1, F_USB2 headers. It is quite possible that these USB headers are patented front panel USB headers, or some unrealized expansion device. Your best bet is to buy a USB 2.0 card with USB headers on the card. Dave_Caria's snippet here, there was a similar response here at HP at some point. USB Pinouts MSI MS-7778 Jasmine Motherboard: ...
