The plot concerns a 14-year-old girl whose dream of being a perfect quinceañera suddenly came to a stands still when she found out her family was in the United States illegally. At the same time, she hit Ramon, her cousin's boyfriend, and wants to dance with him at the party. In the WonderWorks movie, it is often seen in Spanish classes throughout the country to teach Spanish culture. Plot Marta de la Cruz is the daughter of two hard-working Mexican immigrants. He and his two siblings were born in the United States and live in Los Angeles. They are a working-class family, and their hardworking father, Samuel, is head of operations at a steel mill, which makes chain contact fences where he uses the false name Arturo Montoya. He worked hard for most of his life, and the job finally paid off when they became legitimate citizens. They are also in close contact with a neighbor Jorge, who struggles to find work because there is no paper. Marta is spoiled, immature and a little naïve but want a one quinceañera, as his friends do not have. His parents tell him that he may have to postpone because of financial problems when, in reality, they are not legal citizens and must save money if Samuel's boss, Mr. Waterman finds out, and he is left unemployed. Marta doesn't understand the situation and is very angry and upset. His jealousy only increases if he is forced to get a job in church to volunteer in the community. He continued to plan, however, determined to make his quince. His

friends are also busy driving after his friend Gabi's handsome, distant cousin Ramón from New York, who just arrived in California. They pressured Marta to see her as her entourage on her quince, but she was too shy and Ramon was struggling with her inability to read or write. Samuel knows that he has gained citizenship as he has worked hard and respects the laws and customs of America for more than a decade, but since there is no paper, there is no way that anyone can know that. While working at the church one day, Marta discovers that Samuel is illegal and begins to get very concerned and sensitive about the subject. On the same day, despite Samuel's warnings, Jorge gets a job in a warehouse famous for deporting illegal employees on payday. Samuel doesn't want Marta dating Ramón, but he's behind his back asking for help getting Samuel's former employer's signature so he can get his papers. Meanwhile, Jorge will be deported to Mexico if he doesn't present his papers. Samuel's plan is getting more and more employees fired or deported, and Samuel fears he might be next, so he's working hard to find a second job, one that doesn't require papers. Meanwhile, Marta gets all but one signature and goes to a car rescue site at the last, but the manager rudely and stubbornly refuses to sign the papers. Marta's persistent, and the manager changes her mind and manages to sign the papers. Ramón learns to read and surprises Marta. He presents his father's signatures and sends them in for their papers. Soon after, he gets his temporary papers to show off his work, as it takes a while for their permanent papers to arrive. Samuel thanks his daughter and they hug. However, Marta soon said that she found that she was manipulating the files and she had to go in. Expecting the worst, he discovers a surprise quince. Cast Karla Montana as Marta de la Cruz panchito Gómez as Ramón Jerry Stiller as Mr. Waterman as Tony Plana as Samuel Dela Cruz as Robert Covarrubias as Jorge Laura P. Vega as Gabrielle Gaby Corea Giselle Anthony as Jackie Reception The film received positive reviews because of its realistic and non-biased portrayal of the delicate subject of illegal immigration, but also negative due to its act. This became the is a hidden classic and often seen in Spanish classes because of its clean, family-friendly depiction of Mexican culture. References External links Sweet 15 from IMDb to From the beginning I knew this movie was going to be an atrocity. The pace of the film is inconsistent. For example, the beginning of the film was too slow, and the ending happened too quickly. And it had little to do with Quinceanera. Much of the film was about how the family is illegal immigrants from Mexico and how they become legal. Finally, I know some of the reviews here all talk about Ramon being so older than Marta and being borderline paedophilia, and I agree that some lines told him he crossed the line. Ultimately, this film had the right ingredients to create a textbook example of total trash. For all these reasons mentioned, especially the second, this film does not need to be shown to high school students anymore. Their suffering took a long time. 1 out of 1 found this useful.
