Dreamy Vaughnie Can Change Oct 1 2015 5:12 pm - 3 notes Rare items I got from Mix Gacha. I love getting traditional clothes for my daughters, especially for Sakura or Kagura. I had 14 tickets this time IIRC, and got three rare items from this gacha (including this one). ☺The Knitting Challenge Guide☺SI collected all this information from Myroid Wikia and decided to post it here so it's a little easier to find. Follow the recipe in the chart below to get random clothes from the appropriate gacha. All the gachas here are recolors of the existing gacha. Know that there is a small chance of failing, so you are not guaranteed to get a gacha from the recipe at all times. If you use 100 ingredients on all slots, you have a higher chance of getting a longer timer. Longer timers give better rewards but it will be from random gacha bellows. Kch.... thank god dear moe * ____ * Ahhh maybe we can get this awesome mixer outfit with wings too -= What kind of luck magic do you give on mi server? I just keep getting ugly accessories/old login bonus rewards. ☺ Woa I want it too!!!! :O Do you give 100 of each material? Even when I give all the 100s, I keep getting stupid things. ./ Ugly Hat 'R Us here. I need luck, too. Lily wears one of the clothes I get from gacha professional girls, and Octavia has my latest knitted results (finally, something nice!). *^^ * Octavia likes her chances tonight. :) Octavia is modeling my second all-100 knitting item; We're going to call it club princess. ♡S THE END. I use 50-20-60. Fingers crossed for something amazing! Wearing this outfit helps Lily name her new pet. She says, Fancy parties are more fun when you have a magical animal companion to drink! ♡ Welcome to the doll's house, Yuto! The wine table is definitely one of my favorite knitting results so far. It took six hours, I guess. My eight-hour knitted finish, btw, and it's a gorgeous (and rare!) outfit... but it's not suitable for Lily at all, and the girls don't have anything to match it! ^^; I'll post it later. My first all-100 knitting item! It took five hours, 30 minutes. On the left, Octavia organizes the results of my 8-hour knitting session using 50-20-60. On the right, Lily is excited about her luminous purple sword. Magic like that! Very shiny. Very amazed. *_* Dreams do come true. (10-58-10 about knitting, 8 hours.) * Blink * Did mi server drop acid before knitting for me today? Finally, a new mechanic!* So what did you get? I'll try to collaborate some info and get some sort of sample on how it works. So far, it seems: - Gacha Event, Normal Gacha, Sarall's, Sakura Studio outfits can all be exchanged for a wide range of threads, fabrics, and - You can use maximum maximum 100 of each ingredient in one go. - The amount of material used affects the likelihood of getting a longer knitting time. - Knitting time determines the scarcity/quality (?) of the final garment. - The resulting clothes can be pulled from previous gachas (including those not yet in the mixer) as well as what looks like a new clothing list unique to this mechanic. Correct me if something happens that denies one of those o.o. So far, I've heard of: 100/100/100; 1:30 hours : new hakuma clothing (I think?), normal scarcity 100/100/100; 8:00 hours : one of the bed background, unknown scarcity 100/100/100; 6:00 hours : one of the dancer's outfits from gacha 1000 &#amp;#x2013; 1 night (discontinued, not in mixer), rare rare 10/10/10; Unknown time : Loose coat?, normal scarcity 50/50/50; unknown time: clothes unknown, normal scarcity Would be amazing if we could get items from any previous gacha ~- At AIMI Mixer Shop you can exchange Gacha costumes, including Shared Sarall's Presents for Mixer Tickets. The ticket is used to play mixer gachas. In Server MI's Knitting Challenge you can swap duplicate or unwanted clothes for materials, which can then be used to create new clothes! The Normal Mixer contains newly added items. Premium Mixer contains rare items+ from the previous Mixer. Back Issue Mixer contains normal and rare items from the previous Mixer. Exchange rate for Mixer Ticket is: Normal Mixer: 1 piece of Normal Gacha clothing for 3 tickets. 1 piece of Rare Gacha clothing for 5 tickets. Accessory Mixer: 1 piece of Normal gacha clothing for 1 ticket. 1 piece of rare gacha clothing for 2 tickets.
