- Paid Features Unlocked Pro - Saving playlists and favorites in file feature has been added - Sorting playlists feature has been improved - Fixed APK ToolsAre Bugs are you an amateur guitarist and do you want to play your favorite song? Are you a professional who wants to keep all your chords and lyrics always in your pocket? How often do you have a situation when you are at a party and you want to play guitar for your friends? And at this point we always forget how to play our favorite songs. If you want to have the perfect concert, it is very important for the guitarist to be able to play and sing a song at the same time. Besides, it would be great if everyone around you could sing together! Especially for you, we have developed a unique application - a handy songbook with chords for the guitar. In our app you will find everything you need for a musician, party or friendly company! We did a study and found out that for a real musician it is not enough just to have a list of chords and texts - a real musician should not be distracted from music, if he wants to create a real masterpiece. And that's why we've made our app as convenient and useful as possible! Key features of our app: A large database of songs, texts and chords The ability to evaluate your favorite songs The ability to add songs to favorites Ability to change themes Ability to transfer chords (change the key to songs) Auto scrolling texts The ability to import your own songs No Internet connection is required (you need an Internet connection to download only new songs) music!
