Table contentNameDream League Soccer 2020Packagecom.firsttouchgames.dls7PublisherFirst Touch GamesCategoryFootballVersion7.42 (Last)Size343MMOD FeaturesStupid BotRequiresAndroid 5.0Dream League Soccer 2020 - Excitement of passion for football. It is not natural for people to call football the king of sport. Because, in the world, almost everyone has love and passion with the ball. Whether it's an adult or a little girl, boy, you have a club and a favorite player yourself. Understanding the passion of the players, First Touch Games has developed a series of Games Dream League Soccer - a game that allows players to play football right on their phones. Indeed, Dream League Soccer has become the most popular and top-ranked game in football games. After these successes, they released the latest version called Dream League Soccer 2020. Let me know some changes in the previous version. Grow your dream teamFirst, Dream League Soccer 2020 will help you become a real football coach and manager. Initially, you will be able to choose any team with a number of amateur players. Refresh your squad, competing, earning money and buying the best players. The game has a lot of the best players in the world today, but famous stars such as Ronaldo, Messi, Neymar, Pogba And, of course, you can increase your stats to 100 to be the most effective highest result. Secondly, not only the construction of the football team, but you also have to build and upgrade infrastructure such as stadiums, lawns, stands, ... Finally, you also need to update your team's skills and tactics. If you have quality players, you should practice in training. There are many training features such as corner kicks, penalties, practice ... Players have updated the latest data for the 2018-2019 season. C. Ronaldo played for Juventus, Buffon moved to PSV. Young players like Mbappe and Rashford have increased their stats but there are also some players who have lowered their stats because of their poor performance last season. In addition, club shirts are also updated in the same way as in real life. The best leaguesIn Dream League Soccer 2020, the tournament system will be very attractive for the major leagues. European top leagues such as Premier League, La Liga, Serie A, Bundesliga, ... Available. More precisely, there will be a more advanced league, which is the UEFA Champions League. This is a league for top clubs in every country. So you can only join when you are one of the top 4 teams in the league championship. There is no more joy than winning the championship and enjoying the feeling of victory with the fans. ModesBesides offline, you can also play online with players around the world. Play and defeat other players, try to become a champion. Glory awaits you. Graphics and soundIn this version the graphics quality is upgraded to 1080p. The interface design has also been modified and updated. For example, the game has new spray wallpaper, player card background and billboard. In addition, the control button is also updated, but there are not too many differences compared to the previous version. With a quality configuration, the match experience will make you enjoy. After each noticeable situation, you can view replays with 360-degree rotation and the players' point of view. You can save beautiful moments, subtle moments in replays, and you can show your friends. Isn't that great? Unlike previous versions, the audio part of Dream League Soccer 2020 is completely updated. There is a new song in the game. In addition, the comments and soundtrack also have a separate update. Experience an exciting football party like never before. MOD APK version of DLS 2020MOD Features To support new players who are not yet familiar with the style of play, we have created a version of the MOD menu that allows you to turn on and off the functions of MOD.
