This is a 168-page PDF. So if you're looking for audio, video, or even color photos, keep looking. You won't find him here. Talk a Lot is not intended for self-study. The instructions are clear that it is designed to be used in a classroom setting with an instructor, and the course is heavily influenced by class discussion, show-and-tell activities, and a small group of work. This is a book for teachers, not students. Users may find that the course provides an innovative approach to ESL instructions by focusing on conversational (and thinking) in English. The course contains detailed instructions for teachers on how to use the method, including a sample of dialogues between teacher and student, to illustrate the course in action. The heart of the course consists of a kind of mini-negotiation built around a certain tense verb. This exercise makes students think through scripts in English and feel comfortable using different verb times without the hard work of grammar lessons. Vocabulary is gossiped through the course and grouped in topics such as town, house, work, and clothing. Although the course focuses on spoken English, it also provides quizzes and sheets as well as completion certificates for course participants. A lone English-student will likely not get much from this course, but ESL instructors looking for free course materials may find that Talk a Lot is exactly what they need. First, let's talk about what talk a Lot Spoken English Course is not. It's not really software. This is a 168-page PDF. So if you're looking for audio, video, or even color photos, keep looking. You won't find him here. Talk a Lot is not intended for self-study.
