Added option to separate Special WeaponAdded scaling buttons to the user interface settings Gun battles has long been one of the most popular games. You don't need to worry about following any sophisticated tactics, but just want to show off your fighting skills. There are a lot of games that serve these players, but at the end of the day, they realize something is important. If you want to win the prerequisites to follow the tactics have been installed before. Tacticool- 5v5 Shooter - tactical shooter. Players continue to express their skills and talents when participating in this game. In addition, teammates will also be equally talented, so the introduction of suitable tactics so that people do not fight each other Need. Those who achieve greater consistency are much easier to win. However, surprise in tactics, a combination of high speed and courage in action is the key to creating an epic battle. Take the car, pick up your friends, and beat the beat Because it is a shooter, the Arsenal tacticool-5v5 shooter is obviously extremely rich. With over 40 different types of guns and various special effects and effects, the game will provide players with variations based on the weapons that a team of five uses. Shotguns, pistols, knives, grenades, RPGs and mines are the most popular weapons because they are easy to drive and cost-effective. In addition, to ensure speed requirements, Tacticool also offers various tools for players to coordinate in their attacking tactics. Want to create a surprise, choose a truck, move very quickly to the enemy base and beat your prey. Your ability to attack and retreat will also be much safer if the car is equipped with a gun. It is a useful tool to open up for an offensive campaign, and to prevent an opponent from chasing if we don't and should run. Although it is a shooter, you can choose from a variety of Heroes with different statistics and, of course, different appearance. You can choose beautiful guys or hot girls, but each of them has their own skills. First, you will not be able to freely choose where you have to fight the heroes. Before and after winning many matches and earn enough money to unlock and upgrade them. Surprise, speed and boldness of action are the key principles to win the game giving the player a third look from top to bottom with the rules of actual physics applied. We will hear the moving sound of the car, every step of the foot or even the replacement of the bullets also create signals that make many people know. When you kill your opponent, you will have a lot of blood. Now you are ready to download Tacticool - 5v5 Shooter for free. Here are some notes: Please check out our guide to installation.
