Read the book to learn how Charlotte, Emily, Anne have written the most successful, classic literature books, Jane Eyre, Wuthering Heights and Tenant Wildfell Hall. Read about the Bronte family and how the small villa in England started, Haworth.THE FAMILY:PATRICK BRONT: Patrick grew up in Ireland, in a small house with two rooms with his nine siblings. Patrick was very smart and had a very successful life going to Cambridge to become a teacher, his only desire was to see his daughters and his only son successfully. After the death of His wife Maria Patrick lost himself, meanwhile began ailments, and died his eldest daughters Maria and Elizabeth. What I liked about Patrick was that after the death of his six children, he remained strong. CHARLOTTE BRONTE: I liked Charlotte, she was free, happy, loved her brother and had a special talent in writing as a child. It was very interesting to see how she wrote Jane Eyre, which is still the best book. Her relationship with the sisters was very close, together they wrote small stories, played with their toys, it was very interesting to learn about the woman who wrote such a popular literary book. EMILY BRONTE: I was honestly positively surprised by Emily, I actually can relate to her a lot. She was shy, quiet, but she had an aura that she just shows an empty face outside, but inside she is happy and full of ideas, as her book Wuthering Heights was. A very interesting intelligent woman. ANN BRONTE: Anna was known as the most beautiful of all the girls, she was also like Charlotte, happy, full of life, she was also the youngest. It was interesting to know about her too. MARIA BRONTE: At first Patrick thought Maria would be the most successful child. She wanted to go to school, she wanted to study, but unfortunately she got sick at school and she died. ELISABETH BRONTE: Elizabeth was also like Mary, successful at first, but uncomfortable she also died, and about her life others are unknown. BRANWELL: As a child Branwell was happy, full of life, he wanted to become an artist (all Bronte painted), so he went to London all grown up, but he came back very quickly all broken and pale, he wanted to be a writer as well, so he took a teaching job at the Robinsons (can't say what would happen). Branwell was an only child that Patrick was eventually very disappointed with, he became a drunk guy, going to pubs and all. PATRICK'S WIFE: Patrick described her as a short, sweet woman who loved her child very much, unfortunately she died, and Patrick had to bury her in a church near their home. NOTE: I WONDER HOW IT STARTED, PICK IT UP, IT'S A WONDERFUL BOOK. ... More Page 2 2 the bronte story tim vicary pdf. the bronte story tim vicary summary
