These themed SATs questions at the end of the unit will help test and expand students' understanding as well as help them prepare for next year's SATs. These questions have fully developed solutions that can be displayed on the board, making feedback to students more effective. Click ∞ tes.com/.../KS2-Maths-Questions... It can even be given to individual students if the parent asks for some more work! KEY POINTS: I gave full answers, with comments and work where useful. I have retained the style of actual SATs issues so that students can become comfortable with the way SATs issues are presented. Most of the questions from the actual SATs articles, but I've also added questions, so this resources that are no longer addressed). I've spent a lot of time organizing issues so that there's an overall increase in complexity in the way students work through them, and so that they fit into pages better - it means less wasted space and significant paper savings when on this page, go to the ratings page by clicking on the ∞ www.tes.com/.../rate-resources... More FreeReport problemIt's resource is for UK teachers. See the U.S. version. FreeReport ProblemIt is a resource designed for UK teachers. See the U.S. version. FreeReport ProblemIt is a resource designed for UK teachers. See the U.S. version. See the U.S. version save sheets of reflections that have been differentiated. Includes shape reflection in a square grid, reflections in x or y lines on the coordinate grid, and reflection description. Suitable for math KS3 or GSCE. An added bonus of fun activities included - reflecting the mystery picture. Ideal for classes, homework, or conversion (Reflections) Photos - students need to reflect the shapes to find out what picture is Dog). 2 difficulty levels included with this -1. The reflection lines are drawn in already 2. There are no reflection lines. FreeLesson teaches you how to translate and reflect shapes. Works well with the top set year 8 class or mid-set year 9. This lesson can be divided into 2 for lower abili
