Download McAfee Mobile Security

9. DFNDR Security  
DFNDR is a free antivirus for Android that keeps your smartphone optimized. The AV-TEST Institute called it the most rated antivirus application. It's an all-in-one app to protect your phone along with anti-hacking and anti-phishing features. It can also speed up internet connectivity by closing background apps that compete for bandwidth. However, the downside is that it displays ads that can be annoying, but you can go ad-free with a small amount of annual subscriptions. Special features  
DFNDR Security  
Anti-hacking and anti-phishing protection feature  
ck cleaning to remove unwanted files and cache  
App Lock to lock applications with password and fingerprint technology  
DFNDR assistant to send you regular updates about the use of the antivirus in full App Sets: Over 100 million  
Google Play Store Rating: 4.510.

Avira Antivirus  
Avira Antivirus is a lesser known Android malware scanner that is just as reliable as other competitors on the list. It's fully functional, and most of its features are available in the freest version. In the case of antivirus protection and privacy protection, it can even scan external storage tools and show how each application rates on a privacy scale. With its mobile phone tracker, it can track your phone's location when needed. Also, if you ever lose your phone, it may entice the person who has your phone to contact you. With the premium version, you can get extra protection such as camera protection, extra browser security, etc. Special features  
Avira Antivirus Security  
Privacy Advisor to show how apps collect your data  
Camera and Mic protection to provide security from surveillance attacks  
Ant-ransomware to protect against ransomware attacks  
Web-based malware Protection  
App Sets: Over 10 million  
Google Play Store Rating: 4.611.

Safe Security  
Safe Security is another of the best antiviruses for Android in 2020. The main features include antivirus protection, junk cleaner, steering speed, lock screen that has multiple functions, processor cooler, protection against theft, etc. The antivirus app is free with in-app purchases and displays ads. Special features  
Safe Security  
Speed booster to clean your phone's RAM and enhance gaming experience
