Moonlighters memphis tn

Memphis Moonlighters is a family legal services company that was established in 1989. We started with a small downtown office, and some private process servers, serving roles only in the Memphis area. In 1998 the company assumed a title abstraction. With only a title abstraction offering service in Shelby County, Memphis Moonlighters quickly became known for having the fastest title abstraction and the best customer service in town. It wasn't long before Memphis Moonlighters had to hire more title abstractions. We currently offer title services throughout the state of Tennessee. We also offer only witness closures; our fast and friendly notary audience can witness a closure at the client's home or in our office, whatever your convenient place for you. In addition to the abstraction of the title and the closing testimony, Memphis Moonlighters offers document recovery, process service, skipping follow-up and foreclosure sales.
