Once you go inside, you will need to defeat Crazy Christie with my Jud build a priest, I was able to take it on myself. alone. But after 5 minutes I decided to bring in my Lord Knight, since my damage output was low and I take a long time battling Christie. 10. After defeating Crazy Christie and exploring the room, talk to Fram outside the portal. 11. Go back to Kate Somers in Pronter. 12. Back to Solo took in Payon. 13. Give 1 time Twister Solo took 14. Done. Now you're an Adventure Class - B Important Adventure Skills that you can get after becoming An Adventure Class - B (it's an Account Sharing Adventure Skills, you can use alt Char to buy it) Unlock Adventurer Rank C and unlock Imir's laptop plus another Skill Auto slot. Imir's laptop can be used to preserve statistics, skills, and wounds. This essentially provides unlimited resets and allows players to test and modify builds without having to pay for costly reset items. You will need adventurer level 25 for this. To start the quest, head to Pronter to see Kakaro as usual. He will tell you to go to Pion and find Solo picked up by the leader of the Adventurers Guild. Solo Took asks if you have 1 million zene. Don't worry, he's not answering you, just show him the money. Next, you will be asked to obtain and activate a Mentor license (this is different from becoming a Mentor). Need more levels of adventurer? Check out the Hidden Places of Scenery. Mentor License - Rookie Gadar Let me start with the fact that the Mentor License quest is by far the most fun quest I've done so far. First, go to Payon and find Gadara a beginner. He will quickly disappear as soon as you talk to him (He does it a lot...) Go find him, as he will need salvation from a couple of Bigfoot. Impressed by your heroic actions he inspired to become an adventurer just like you! This is where you start a chain of events where you will be telling your budding days as you guide this bright-eyed beginner into the harsh world of Ragnarok. You'll be back like Poya in Prontera South, Higgy Eez's Prontera Adventure headquarters and even that raccoon masquerading as Baphomet. Interview Mentor Questionnaire Follow the chain of events and eventually you will be asked to complete The Mentor's Interview Questions. The answers to this quiz are: True - The Rookie can not equip weapons exclusively for each job before the change of work True - Many wild cards have very dangerous monsters. Beginners should be careful . . . When your HP or SP is less than half, you will automatically use potions in your label bar True - Beginners can also create a guild false - After the first promotion, the Swordsman becomes Lord Knight True - Assassin Cross is T2 the work of the True Thief - The High Wizard is T2 work Mage False - Sniper T2 work Archer False - The First Priest is the work of T2 Acolyte True , it also requires considerable effort After answering all the questions correctly you will get a mentor's license. This is enough for you to continue your Adventure Class C quest, however you can choose to continue and complete the Mentor's License quest and get the Eternal Rock (Stat Reboot Item) for your efforts. If you continue the Mentor License quest, you'll encourage Gadar to upgrade. Eventually he works up to the courage to take the test. You go to the headquarters of Adventurer, ready to congratulate your student. Surprise... or not ... You will learn that Gadar failed miserably and disappeared again... Hahaha. You end up finding it in the churchyard, but that's where Smokie was. Gadar is gaining all his courage to protect you from the dangerous Baphomet (you know it's just smokie...), earns the respect he deserves and gets his class of encouragement. This time you're at the altar, leading the handover ceremony. Memories. Now watch as you witness Gadar's glory. Go back to Adventurer rank C After you unlocked Mentor License head back to Payon and talk to Solo Took. You will be asked to jump back and forth between Dr. Noah and Archbishop Thomasville in Pronter to heal Katz Losa in Poyon Forest. This part will require a total of 1000 Angry Horn. Now that Katz has healed, head back to Thomasville in Pronter. He's going to ask you to kill Doppelganger. Just like with Adventurer Rank D you can either prod Doppel in Geffen Dungeon or defeat him in ET (in which case it may be easier to go for poking at Geffen). Got it Doppel Kill? You will be sent to the northern part of the Geffen dungeon to complete the task. Next head to Payon South and talk to Katz. Now it will work with you with the passage of the Infinite Tower floor 70. Ok Elements quest done with ET? You're almost there! Another challenge. For the last part you will need 1x Orc Claw, 1x Antenna, 1x Scale and 500x Necklace Necklace If you have items go ahead and submit them to Katz. Now you will be sent back to Payon to talk to Solo Took to get your promotion. That's it! Congratulations on The Adventures of Class C If you've made it this far you're probably after the laptop and the world. Once you've got A Class C Adventures you can purchase Adventure Skills Sized Fracture for 500,000z. Open it from the bag and you'll be able to store copies of the symbols. First, drop character stats, skills, and run. Then save this raw copy. Now you can download this instance of characters and redistribute your stats, skills and hoes without spending a dime. Review Adventure Skills unique skills that will help you in battle such as additional auto-skill slot and additional inventory slots. Some adventure skills also give you other features in the game such as taking pictures or making gestures/emoticons. Important advice Adventurer Rank Up quests start with Kakaro, it is located next to the Adventures of NPCs skill in the top right corner of Prontera For quests that require MVP killing, you don't need to actually kill the MVP. You can just hit the MVP once, fly the wing (but stay on the same card) and let other players kill it. You will still get the amount of kill needed for the quest. For rare item requirements like Raccoon Leaves, you can easily get them from Pet Adventure Chests, Infinite Tower or Valhalla Ruins.
