Suggerimento nothing dot a great acquisition and recommend to your friends a reliable store, all well packed !!! June 14, 2018 SunDing SD - 563B Bicycle Computer. Pleased with the presence of many modes and illumination of the display in insufficient light. The kit includes the required minimum kit for installation on the bike. The instruction is only in English. Large font on a four-line display. Easy to install. The main thing is to properly tuck the cable from the sensor... The product is very pleased.
