Download the latest version of Summertime Saga APK now – Game of very interesting visual novels in the compass genre. Table of ContentsNameSummertime SagaPublisherComasCategoryNSFWVersion0.20.5 (Latest)Size752MMOD FeaturesCheat MenuRequiresAndroidSummertime Saga is a very interesting visual romense compas. This game acts as a simulation game where you can explore the life of a teenager who is studying in high school. This guy doesn't know that a lot of action and interesting events will happen this volatile summer. Like the FAP CEO, the game has several NSFW scenes that require you to be at least 18 years old. StorySummertime Saga story tells the story of a guy in high school. His father had another wife, so he was a stepmother (Debbie) and a stepsister (Jenny). When his father died, he had to move to the suburban area to live with his stepmother. His father owes a large amount of money to a mysterious gangster gang; GameAlso the game story is associated with mafias and gangs, you do not need to fight or join gunfights like Grand Theft Auto. You are just a normal guy with a normal life, like all other high school students in town. A normal life does not mean that it is boring. There are many problems and difficulties that appear every day, you need to calmly face and find ways to overcome. Summertime Saga owns 65 characters and 30 seats in the city. With the visual new gameplay, you need to make conversations with the characters that appear in your life every day. They give you the information and requirements you have to make. After completing the assigned tasks, you will receive valuable items and money to help you pay for life. Summer holidaysAfter introducing the story in the first scene you wake up in your room. The room had a broken computer, a telescope, a bed and some other items. When you open the room, you meet your step, Jenny. She always seems uncomfortable and often calls you a loser. After a few conversations, you meet your stepmother on the ground floor. She suggests giving you a part-time job during a summer vacation, it takes care of the garden for the Erik family. Eric is your classmate. The map icon in the upper-left corner of the screen helps you quickly navigate to places in the city. After Eric in the garden, you and he go to school. Director Smith invited you to meet him and show his transcriptui. Your mark is too low and you miss most topics. If you want to graduate, you need to quickly take courses to improve your mark. Since then, there will be a series of very interesting stories. You can't predict everything. In particular, the main character summertime saga is a pretty lucky guy. Wherever he went, he met beautiful and sexy girls. These are friends on this summer holiday. Clean & CheatedSummertime Saga has two main modes, including Clean and Cheated. In clean mode, you must complete every story you need for the game. Complete each conversation and help the main character solve each of his life's troubles. One thing you should remember is to regularly listen and remember conversations. Maybe it will help you find the necessary things faster. In addition, cheated mode works as a MOD version. This mode helps you automatically select and skip. At the same time, the game also gives you a large amount of money, you no longer have money problems. GraphicsSummertime Saga has a beautiful design like an animated movie. The seaside town district is beautifully described with colorful ones. The population density is not too crowded, you can feel the peace of a small coastal town. In particular, I like the way they create hot girls in this game. Girls have a very beautiful and sexy look. I can play this game for hours without feeling bored. The Summertime Saga APKWho is the Summertime Saga APK? Summertime Saga APK? Summertime Saga APK is the official version of Android. With apk version, you can enjoy the full game without port the game from your PC to Android anymore. It is worth noting that the game has a handy cheat menu. That's exactly what they expected during their school year. Anon, a young man in his 18s, is going to have his best summer vacation after his first year in college. However, the heartbreaking story strikes again and makes him begin to come into the series the most difficult days of his life. Anona's father suddenly died and left a lot of doubt to everyone. His father's death made the main character very painful and fell into a situation where no one could rely on it. Summertime Saga is a journey that the main character spends summers alone. Engaging in a simulation game With such a tragic opening story, Summertime Saga makes many players feel heavy. However, once you have integrated the game, you will find that there are many Details. Many things will happen to the main character and gradually make him forget his initial suffering. A person is already dead, so whoever is alive must go with his life. Anon will learn to live alone, take care of himself in the best way, create a new relationship. It's basically a simulation game that depicts the young man's life and relationship around him. The game will cover the highs and downs of life and even love and hot situations. In fact, it creates curious content for players, making them fall in love with their rhythm. The consequence that the father left anon anon though was to learn to live alone, but faced with the huge debt that his father left behind. Suddenly, an 18-year-old son has to show his father's lost debt. Criminals constantly appear and interfere with his life. They're trying to drag this son into a criminal way to pay his father's debt. You have to be vigilant so you don't get caught up in a cycle of work. Don't be too excited because you still have friends and relatives on your side. You are the most important factor in deciding how your life will be out. What if you could solve all the trouble and become a favorable adult in society? Rich content offers the experience Summertime Saga will run in the style of life simulation game. This means that you will play a role in the nature of the game and interact with the rest. First, the player will have to interact with the characters around. They are NPC, but are behaviorally engineered and programmed. Players will have to respond to their reaction to the opponent's behavior. Your reaction will lead the story to different turns. Usually this game game revolves around, talking between the characters. You will be able to choose the places you go, and then there will be characters appearing and giving conversations. Generally speaking, it's a bit boring, but you have to really play the game to feel the drama. It's like you're watching a movie that you directed yourself. In this game, there are more than 65 characters arranged in many positions so you can interact with them. In addition, it also has a mode called unlocking point. The game offers simple tasks throughout the course of Anon's life experience. When assigned items are complete, new locations will be unlocked. The game offers more than 30 unique places along with 20+ minigames. Wherever you go, there is a different content experience simulated in the life of summertime saga.
