Apple Music is a great system, overshadowed by a terrible application with many errors. Songs will randomly get dropped from playlists, downloading music to play offline can be unreliable, and the app itself often crashes right without warning. More images Play and listen to your favorite songs on your Android with Apple Music. Apple Music allows you to access your Apple Music account along with your own music collection and enjoy it on your Android smartphone or tablet. Apple Music offers a collection of more than 50 million songs from its catalog. You can browse and stream the latest songs, get hand-picked personalized recommendations from music experts based on the music you love, and view the best music curated by the service's editors. The service also offers a radio-like system that allows you to discover new music and tune in to radio shows, interviews and more, either on Beats 1 or at stations made by Apple editors. You will also get to connect with your favorite artists by learning about their inspiration and effort with photos and videos as well as their music. Apple Music lets you create playlists in the app that's transferred to all devices. You can mix in your own local files with music from the service. Visit Tom's Guide for free Android apps and for the latest news and apps. And if you have any Android problems, check out the tips on the Tom's Guide forums. Download this Independence Day Season 2 of the Sacred Games is about to fall as Camila Cabello's new single: Absolutely Hot. And I'm sure you and everyone you know are going to log into your Netflix account the minute he arrives and start binge watching it. You have already been driven by the search for clues regarding the deal with Trivedi, like a nuclear explosion, that Sartai was warned to happen, what is the role of Guruji and why the heck did Ganesh Gaytonde kill himself and you will do so. But here I have to stop you in your tracks and make you question the very existence of The Sacred Games. Now, the issue has arisen in my head because of a very juvenile incident that occurred last year in July. That's what happened. Given how the history of the Holy Games, despite being a fictional show, is intertwined with real historical events in life, it has given showrunners (Vikramaditya Motwane, Anurag Kashyap, Vikram Chandra, Varun Grover, Vasant Nath, Smith Singh) the freedom to freely voice their political and moral leanings. Thus, they eventually called Rajiv Gandhi fattu (coward) while talking about their decision to intervene in the controversial Shah Bano case. This caused outrage among the Indian National Congress party and then directed the attention of conservative Indians to the violence and in a series. And while mud slinging is happening, I thought, what's the point of the Sacred Games and all the love, sex and the dhoka? SEE ALSO: Sacred Sacred Season 2 Trailer - Get ready for sex, religion and nuclear war! On a superficial level, Sacred Games is a skillfully crafted thriller that will (probably) manage to confuse you if you don't pay enough attention to it's constantly swinging narrative. Currently, the timing of corruption deals in every part of the government and the memories section basically shows how said corruption occurred and led to the growth of people like Gaitonde, Bunti, Trivedi, Parulkar, Kanta Bai and more. And references to historical cases, communism in India, and the subject of the nuclear threat is a constant reminder of the evils that are being plied within our society right now. But we all know about it, don't we? We see them happening in real time every day on our laptops, our smartphones and newspapers. So, why show it in such graphic and virtually cringe-worthy details and litigation that will drive away producers? And the answer dawned on me: this is to show the depths we dived and whether humanity is worth preserving or not. Imdb Since time immemorial, Bollywood has taught us to root for gangsters and bad guys, with the biggest offender of this subgenre being Sanjay Dutt. But for the first time in a long time, shows like Sacred Games used a figure like Gaitonde to be the epitome of our ignorance. He's there to show us that the villain doesn't just pop into existence because the reasonable faces living the cloud will do so. They exist because of the country's cumulative decision to turn a blind eye to the atrocities committed in the various socio-economic villages of our society. They exist because we decided to make a comfortable cuckoo all around us using our privilege, even if each one in our area is very expensive. And in that same cuckoo, we frankly crossed all the boundaries of debauchery and led to the corrosion of the moral compass of the whole species. SEE ALSO: These Sacred Games Season 2 Memes will make Gaitonde turn in his grave all, leading to the final question: Are we worth saving? It is not just by chance that the entire Tamash Sacred Games is seen through the eyes of Mr. Goody-two-shoes, Sartaj Singh. Because his naivety reinforces the crimes we have inadvertently committed, leading to the radicalization of the only one that is common among every era, i.e. religion. Throughout Season 1, he struggled with the dilemma of dealing with the truth of only one life (the death of a Muslim boy) and the fact that his own father, whom he revered as a god, probably has a connection with the dregs of the Earth. And it is likely that in Season 2, the revelations that will be cast on his (and our) face are going to make him think twice about whether he should stop the destruction of humanity. Because if we go this far, we'll move on. That's why only to save us from ourselves by pressing the reset button. Imdb In conclusion, I feel that the Holy Games is one of those rare examples in the Indian entertainment industry where all violence, all sexuality and all attacks on politics and corruption are justified. Because, unlike any other movie or TV show that does it for the sake of entertainment or to portray a real example in someone's life, it uses all these elements to put a dark mirror in front of us and unapologetically point out the degradation we have caused not on an economic or environmental level, but on an ethical level. And this, my friends, is the point of the Holy Games. SEE ALSO: What was director Neeraj Ghaywan's Code Bebinca on Sacred Games 2 sets?
