Как правило, предоставляемые через государственные учреждения, такие как национальная система медицинского страхования страны, она, как правило, используется для того, чтобы взять на себя ответственность за оплату любого здоровья или инвалидности, которые могут возникнуть, включая расширенную больницу или уход на дому. Страхование можно получить на индивидуальной или корпоративной основе. Независимо от выбора, покрытый человек платит мало стипендий регулярно орган, который будет care for their medical care, if necessary. Auto insurance is one of the most popular insurance options; it includes coverage of the risks and losses that were inflicted by the car. Auto insurance considers three main parts, namely: liability insurance for bodily injury liability insurance for property damage and uninsured/underinsured coverage of motorists. The liability insurance for bodily injury liability covers the medical expenses required by people who have been injured in an accident caused by an insured party. Things covered by this insurance include medical expenses, lost wages, pain and suffering. The liability insurance for damage to property covers the cost of damage caused to property as a result of an accident in which the insured party is to blame. The property here is defined as fences, pieces of equipment, walls and vehicles damaged. The list of insurance companies in Dubai life insurance is to cover any financial costs or problems caused by the death of the insured party. The insurer releases an agreed amount of funds to the next of kin in the event of death. Life insurance can be used to reach any of the following; To simulate a constant flow of stable income; Repay existing debt; create trust funds for heirs; to process the final rites of financial cost. This type of insurance offers coverage of the financial costs that may result from a lawsuit alleging ethical misconduct for error or omission that constitutes harm to a professional's client. This type of insurance is also known as errors and insurance omissions. This type of insurance is important for all professional organizations such as medical staff, lawyers, accountants, technology providers among others. Travel insurance is the type of insurance that covers the medical costs of illness that can occur when the insured party is outside the country where the national health insurance system cannot cover. This is health insurance for your pet; it covers the medical costs of illness or injury, which requires the animal to be checked by a veterinarian. This insurance covers the often high and complex costs that arise from such treatments. This type of insurance is used to cover losses that do not come from negligence or poor home maintenance. Such insurances typically cover one or more of these scenarios; Fire disaster, flooding, accident, etc. This type of insurance like homeowners and auto insurance for businesses. The company collects payments from various businesses and allows them to share and expose the risk of value. In other words, it's like a chain of small contributions that will save any of the companies in the event of a huge crisis. 10.WORKER'S COMPENSATION: This type of insurance provides coverage for workers who have been injured at work. This insurance policy replaces wages and provides benefits for those who fall into this category. As a result of these benefits, the employee loses the right to legal action against the company. As a result, the penalties for non-compliance can be very severe. DIRECTORS AND OFFICERS INSURANCE: This insurance policy protects company directors and officials from any of their actions affecting the company's functionality or well-being. It also applies to any lawsuits that are the result of their actions at work. This type of insurance protects the business from losses that result from the loss or violation of the data collected by the institution. This form of insurance is a subsidiary of the homeowner's insurance, but applies only to the tenant who is the temporary occupant of the house. This type of insurance offers similar coverage to the homeowner's insurance policy. Coverage includes any damage caused to physical property, injuries occurring in the home or other damage caused to any other part of the property. PERSONAL UMBRELLA INSURANCE This type of insurance for those who want more is the expansion and setting of existing insurance plans. Marine insurance is an insurance that provides protection against the chaos caused by marine phenomena. These chaoss include a fire, shipwreck, collision, capture or payment of freight traffic. This type of insurance is further classified in two parts, the chaos caused while at sea, and the chaos caused at the port. Fire insurance is a type of insurance that is used to cover fire risk losses. Social insurance is used to provide coverage and protection to the poorer part of society that is unable to afford the cost of adequate insurance coverage over itself. The following packages are available under the social pension: workers' pension plans, disability benefits package, unemployment benefits, sickness and recovery insurance, and industrial insurance. Guarantee insurance is insurance for those whose business or property has a lot to gain from the benefits of a good reputation. This gives potential consumers the confidence that nothing can happen to their investment funds. This type of insurance covers any loss that may arise from dishonesty of service providers, the disappearance of an officer and/or disloyalty of employees or a second party involved in a transaction or transaction. In order for the business to be covered, the default party must be part of the contract. Its failure due to any of the above factors will surely lead to the causes of loss directly or indirectly for the first side's business. For example, when receiving export-related insurance benefits, the insurer compensates for the exporter's losses in announcing that importers will not pay the agreed amount for the exported material. type of insurance falls under the category of insurance of any kind of cost, including, but not limited to, a machine, jewelry, furniture, works of art, from the risk and damage caused by theft, fire, earthquake, flood or any disaster at all. It is an insurance policy for everything we value, no matter what it is. There are specific and individual forms of insurance for each type of preferred property, where not only property is insured, but also liability insurance for personal injuries that may have arisen as a result of the use of such facilities.
