To guide you best, first choose a French size rather than an American size. You can use the right column size and weight to give you an idea of the recommended sizes depending on your physique. If, however, you are hesitant, you can also contact us directly for help via messenger or email (see contact section) theme Speedfly for shopify version 2.09.5 Standing upright, measuring the wide part of the chest. Keep the tape measure well horizontal under the armpits and shoulder blades and flat on the chest. We don't have to let out or tighten the meter too much. NB: If your measurement fluctuates 2 sizes choose the smallest size for an outfit closer to the body or larger size for convenience. Standing upright, measure the wide part of the thighs. Keep the roulette horizontal. We don't have to let out or tighten the meter too much. NB: If your measurement fluctuates 2 sizes choose the smallest size for an outfit closer to the body or larger size for convenience. Beware of our custom products made to order, in other words, they may only be designed for you. Thus, the return of the product depends on the restrictions. Therefore, it is important to be aware of our scale of size before each order. Samples can be ordered to make fittings. If your measurements are cross-border two sizes, choose the smallest size to fit closer to the body or larger size for a weaker fit. If the breasts and hips fit two different sizes, choose a waist based on the breast. TAKE YOUR MESURESFile is the type of socks you'll wear with the shoes you want, and measure your size in the middle of the day (feet tend to swell during the day). Spread your weight evenly before taking your measurements. POITRINE Take your measurements around the wide part of the chest while keeping the tape horizontal. SOSE Take your measurements around the narrowest part of the waist (usually in the lower back where the body bends), while keeping the tape horizontal. HANCHES Take your measurements around the wide part of your thighs while keeping the tape horizontal. Good evening, I'd like to take an NBA Nike jersey, but I don't know at all what size to take. I am 1m70 for 58 kg and I have a pretty lean morphology, even if it seems obvious with the figures mentioned. I had already tried the jersey it was Swingman, but it was Mitchell-Ness in the S and it was really too big. From what I've seen in adult XS, it doesn't seem to exist, should it enter into Teenage? But even then, what to take, M, L, XL? Thank you in advance for your answers 🐿 1/ Look for mesh size by gender (men, women, junior, nursery) 2 / Take your measurements by following our tips and choose the right size Put yourself back to the wall, barefoot and stand upright. Using roulette, measure your height from the legs to the top of the head. Using roulette, measure the circumference of the chest, standing upright and breathing normally. Jump the tape around the chest on the nipples and under the arms and on the shoulder blades around your back. Make sure that the tape measure is flat, usually tight and especially that the measurement is done well horizontally, especially around the back. Using roulette, measure your waist, standing and breathing Tape around the abdomen in a drought spot, usually around the navel. Make sure that the tape measure is flat, usually tight and especially that the measurement is done well horizontally, especially around the back. Using roulette, measure the turn of the hip while standing upright. With someone, measure up to the strongest place in the pelvis, usually at the height of the buttocks. Using roulette, measure the crotch while standing upright. With someone, measure away from the top of the inner thighs at the bottom of the leg. TOUR OF POITRINE (see) Use roulette to measure the circumference of the chest, standing upright and breathing normally. Jump the tape around the chest on the nipples and under the arms and on the shoulder blades around your back. Make sure that the tape measure is flat, usually tight and especially that the measurement is done well horizontally, especially around the back. 88-96 96-104 104-112 112-124 124-136 136-148 TOUR OF SIE (see) Using roulette, measure waist circumference, standing and breathing normally.
