FPS games (first-person shooters) are some of the most exciting genres of the game out there. It's one of the most popular genres ever. It also has a host of highly regarded games, including Halo, Call of Duty, Battlefield, Destiny and many others. Believe it or not, there's actually a healthy stock of FPS games on Android that you can dig into. Most of them require at least a semi-worthy device to play. They tend to have heavy graphics, high demand for Internet use, and usually just high resources consuming games. Fortnite is another great FPS game on Android, but it's not in the Play Store, so we haven't listed it here. You can click here to install the instructions in case you want to try that one! Call of Duty: MobileCritical OpsDead Effect 2Hitman SniperInfinity OpsInto the Dead 2Modern Combat 5NOVA LegacyPUBG MobileShadowgun War GamesPrice: Free to PlayCall of Duty: Mobile had the biggest game launch in the history of mobile gaming. It also helps that people actually like the game. It's a pretty standard online FPS shooter with regular PvP as well as 100-player combat mode Royale. Regular PvP includes a standard deathmatch along with some iterations. Players can also customize their gear and unlock more things. It's relatively new compared to most FPS games, but it's already one of the biggest names in all mobile games. Critical OpsPrice: Free to play Critical Ops is one of the new FPS games. It's technically still in public beta without a full release yet. In this, you can choose to be part of the counterterrorism unit and stop the destruction or play as a terrorist and lead to destruction. It has online multiplayer modes, leaders, and decent graphics to create a pretty complete overall experience. The game has evolved significantly since the early days and manages to be one of the truly great FPS games on Android not named PUBG Mobile or Fortnite.Dead Effect 2Price: Free playDead Effect 2 is a sci-fi FPS game with elements of horror, survival and RPG. You will play as the main character and you can choose from the three main characters. In addition, you will have tons of gear, weapons and body implants to find and align during the game. It has more than 20 hours of campaigning, and tons of options for modernization. Of course, you'll align your character as well. It has fantastic graphics as well. This is one of the best FPS games for players who enjoy history and campaign more than competitive matchmaking. Hitman SniperPrice: \$4.99 with in-app purchasesHitman: Sniper is one of the most unique FPS games. Your character is outside the building, looking in with a sniper rifle. Your job is to pull out different targets, no one becomes suspicious about your location. Teh Teh Contains over 150 missions, various sniper rifles to unlock, leaders, and it also has some strategy elements. It's relatively inexpensive and can be a lot of fun if you prefer a little more strategy rather than raw, super fast action. Infinity OpsPrice: Free playInfinity Ops is one of the new FPS games on your mobile phone at the time of writing this article. It started under a different name and re-branded soon after. It boasts a multiplayer online competitive experience in a sci-fi setting. The game has above-average social features, clans, various in-game weapons, jet packs, and different game modes. The graphics and mechanics are also pretty good compared to most average FPS games. Most of the reviews of the game are surprisingly positive, except for those who work with bugs. Into the Dead 2Price: Free to play In Dead 2 is one of the new FPS games. It has a lot of the same mechanics from the first. You are working through zombie fields to survive. The player receives a ton of weapons to unlock and upgrade. This option also includes some elements of strategy and dog mates as well. The graphics are above average. It also plays well for being a mobile game and contains several endings. The game has an amazing amount of depth for being a mobile game. It's a free game and it's never perfect. However, it's still a great FPS game. Modern Fight 5: eSportsPrice: Free to playModern Combat 5 is one of the most popular and basic FPS games on your mobile phone. The game comes with some decent graphics, tons of content, online multiplayer, and more. Its popularity virtually ensures that there is always someone online to play with or against. It also comes with a campaign mode, six different classes of characters that can be aligned and configured, and support hardware controllers. All this adds up to a very solid experience. These days, the game even promotes itself as eSport.NOVA LegacyPrice: Free to play NOVA Legacy is the latest name in the popular FPS gaming franchise. It's a sci-fi shooter that comes with full campaign mode, decent graphics, multiple game modes, multiplayer online mode and more. You can even build and upgrade your weapons. Some of its tertiary functions include leaderboards, character settings, and replays of death cameras in multiplayer mode. It's a free game. It makes him feel and play differently than his predecessors. However, it is one of the best. Don't believe his ZOMB claim, though, it's much more than that. PUBG Mobile and PUBG Mobile LitePrice: Free playPUBG Mobile is the mobile port of the very popular FPS game on console and PC. This falls to the island with 100 total players. The goal is to be the last one left standing. There is equipment, weapons and vehicles scattered across the map as well. He plays amazingly well like the new one. In addition, the mechanics of the mechanics average, even for the FPS mobile game. Fortnite is another great option in the same FPS subgenre as PUBG Mobile. There are also some decent PUBG Mobile clones as well. Shadowgun War GamesPrice: Free to playShadowgun War Games - the last game MADFINGER GAMES, developers of popular franchises Unkilled, Shadowgun and Dead Trigger (also excellent first-person shooters). This one plays a lot like titles such as Overwatch. It's all online PvP with different characters with different abilities. It's brand new, so the developers haven't added a bunch yet, but more is coming in future updates. This one was a bit of a rough release so the Play Store rating is a bit low, but the updates have fixed a lot of questions. OTHER MADFINGER games can easily make this list as well. If we missed any of the best FPS games for Android, tell us about them in the comments! Hockey is the last of the big four sports in North America, although it also has a good international following. However, it just doesn't have the numbers of that football or American football. This means that developers do not pay as much attention to hockey as they do other sports. In other words, you have a few options here, but let's just say they are not the most reliable. However, there are some fun games to play. Here are the best hockey games for Android.Hockey All StarsHockey Nations 18Puppet HockeyPuzzle HockeyStickman HockeyPrice: Free playBig Win Hockey is one of the most popular arcade hockey games for mobile devices. It plays like a pretty typical arcade sports sim. You gather different players, assemble a team, and pit that team against opponents. This is not an officially licensed title, so the players are not real, but there is still a lot to be done. Some of the game's features include a variety of customizable unlocks, fast PvP modes, and you can even play with or against friends. It's nothing but the last EA NHL game, but it's you. Blocky HockeyPrice: Free /\$2.99Blocky Hockey is a simple arcade hockey game. He uses the runner's mechanics. You're rolling down alleys. You have to switch lanes and keep going to avoid opponents. It has a bunch of game characters, wrestling, multiplayer and retro style graphics. There is not much else in the game other than that. It's affordable, cheap, and fun to play. It's good to kill 20 minutes between periods. ESPN and Yahoo Fantasy HockeyPrice: FreeESPN Fantasy Sports is a decent fantasy sports platform. He supports most sports, including hockey. The app allows you to create or join leagues, draft your team, set a list, browser free agency, conduct trades, and communicate with other managers in the league. basically all you have to do. The app has an accidental glitch. We recommend double check to make sure your lists get the set right. Otherwise, it is a decent, if sometimes slow, app for fantasy fantasy Hockey 2020Price: Free to play France Hockey 2019 is a fantasy hockey simulator CBS. This struck us as strange because NBC has rights to hockey games in the US, but regardless. The game allows you to build a team, simulate a full season, train your players, and more. It's basically a collector's game. This means that there are freemium items and loot boxes in the form of player packages. It's better than previous franchise games. However, its freemium mechanics are still quite aggressive. It's an otherwise fun play. Fury: HockeyPrice: \$0.99 and \$0.99Ice Fury: Hockey is a top-down arcade hockey game. You have a goalkeeper and one skater. You bounce off the puck until someone scores. It's a bit of a hockey version of air hockey. The game has local multiplayer support for two players on the same device. We thought it was quite unique. In addition, there is a tournament mode for a small variety. It's a simple arcade game at its core. It's also not a free game, and it's a rarity in the mobile gaming space. The game is a good time killer if nothing else. Hockey All StarsPrice: Free to play Hockey All Stars is a decent overall hockey game. You get a joystick and a few buttons to actually control the players on the ice. The game is smooth and enjoyable, especially when you hit that cross-ice one timer for the goal. However, it is a free game with free elements of the game. So you can expect quite a grind in order to get the best players. Otherwise, it is one of the best mobile hockey games. Hockey Nations 18Price: Free/Up \$4.99Hockey Nations 18 is a decent arcade hockey. They are also the same developers of the Hockey Classic 16. He has three-for-three hockey between six countries. These are 40 North American teams, 27 teams of the Russian championship, 19 international teams and two star teams. It has you playing in the hour limit and you can buy more if you want. Aside from that, it is free from the usual free play elements that plague mobile gaming. It's very good for what it is, and despite its name, it still gets updates for 2020.Puppet HockeyPrice: Free to play Puppet Hockey is another arcade game with elements of hockey. This is a 2D game with one against one game. You shoot the puck on the ice, and the other player returns it. The winner is the one who scores the most goals. There are bonuses, really entertaining animations, and more. However, in the end, it's just a pong with a hockey theme. However, it is normal being a killer, even if it is a freemium game. HockeyPrice Puzzle: Free to playPuzzle Hockey-themed match-three game. you probably know how to play match three You move the characters around on the grid until you match three or more. The resulting matches will help you to score goals, make saves and win games. It's This. licensed game, so there are actual hockey players in this. However, after all, this is a three-game hockey game, not actual hockey. However, it's you get through a 20-minute intermission. Stickman HockeyPrice: Free/\$2.27Stickman Hockey is one of the few hockey games with actual hockey mechanics. You skate up and down the ice, score goals and do other hockey stuff. It has a top-down style of 1990s hockey games. This should make older fans feel at home. The game also includes four levels of difficulty, 46 teams, different season modes, multiplayer PvP and hardware controller support. This makes it probably the best true hockey game available on your mobile phone. It's certainly not ideal though, and it has its fair share of errors.
