Energy 15R is not just a boiler; It is an investment in a whole new way of working that is designed to make your life easier and your business more successful. Energy connects your customers, your business, and Glow-worm to you. The high quality and high efficiency of the regular energy (for open ventilation systems) boiler comes with a wide range of outputs, an attractive modern design, a bright easy-to-use interface and a selection of controls. Energy regular boilers are suitable for homes with high demand for hot water. The usual Energy 15R boiler is a lightweight and compact boiler with a choice of rear or upper chimney, making it easy to install in any situation. Using the industry standard DIN layout makes boiler swaps fast and the aluminum heat exchanger has great waterways, making it ideal for upgrading jobs. A standard 2-year warranty, increased to 5 years, when the installer registers the installation with Glow-worm club Energy. The features and benefits of the Wide range of products caters to every demand for heat production and each requirement of the rear chimney system top flute flexibility means that the energy will fit most installation situations Compact size will fit into the kitchen cabinets Modern bright LCD displays excellent clarity of boiler information where it is installed, making it easy to change and confirm the settings in detail ...
