Download MOD Extra information APK Title: Lapse 2: Before zero Developer: Cornago Stefano Requires Android: 4.4 and up that the new Lapse 2: Up to scratch is now available in German and Greek. Featuring Pia Dengg, Tobias Dorazine, Patrick Jansen, Blooker20, Syfis Tzekakis, Jim Mantzirakis, Lampros Mkrs and Antonis Saksarudakis. In this version, we also improved the Czech translation and corrected a lot of small errors. Lapse 2: Up to zero is the second part of the text strategy for Android. The original game did not answer many questions and left many storylines unfinished. This time the player will go back in time, namely in ancient Egypt, where you can find all the answers. Game mechanics have not changed: gamers will have to make responsible decisions that will affect subsequent events. Graphically everything remained at a high level, but everything is decorated in the Egyptian style.
