In the film, the racetrack in Tokyo is extremely overwhelming, modern and complex. Drifting, driving skills of the main characters of the film makes people remember forever. And in this game, these specifications, like the road map of the city of Tokyo, will simulate recreated. New gameplayIn the game your mission is not just to use speed to win every race. Also, be sure to use the techniques to create the perfect drift phase, achieving the maximum possible score required by each level requirement. If you've ever played other racing games, you can see that this game is not like The Asphalt 8 Gameloft or Need for Speed ™ No Limits of EA. It's brand new, isn't it? Drift is the only way to win. This is a technique with very high complexity in real races. Deliberately driving too much to lose traction on the rear wheels or all 4 wheels, riders drive through the entire corner while maintaining control. The diverse racetrackCarX Drift Racing 2 has a very diverse and rich mapping system, constantly updated. Some of the racecourses named Tokyo, San Palezo, Milton Drive ... Located in increasing levels from light to complex, there are cartography versions that can be easily overcome, but There are cards that will need you to show your drifting skills to be able to complete your level. The CarX Drift Racing 2 supercar from publisher CarX Technologies has an extremely unique and impressive system of supercars. You will never dare imagine that you can own the best cars on the planet: Mourning, zarrot II, Caravan G6, Kanniedood, Syberia SWI, ... In addition to the supercars available in the game store, you can also create your own car at your discretion with the car's customization system. Not only that, but you can also upgrade your car, select the components suitable for each stage to create your advantages for each level. Excellent graphics, live soundCarX Drift Racing 2 has extremely unique 3D graphics. Also, it's an excellent physical basis, making every movement, collision, explosion effect become more authentic than ever. You could say that the graphics of this game is on par with the hottest games on the market such as Asphalt 9: Legends or Grid Autosport.Not just that, the sound of the game is very lively and authentic, it will make you feel like the main one is sitting in the car and participating directly in the choking track of the game. The sound of the wheel, when you do drift is really described, it will help racing fans feel very excited. However, I have a note that this game is high graphics so set the best graphics settings so that you can experience the game as smoothly as possible. Although this game is not valued as Asphalt 9, Need for Speed ™ without restrictions, ... But it is a very useful game for you to spend time on download and experience.
