Baktsul Masail's activities discuss Friday prayers and other religious events related to covid-19. In this regard, a decision has been made: 1. For people who are in a safe zone, it is still mandatory to perform Friday prayers; and it is still recommended to do other religious activities as usual. 2. For people in areas that have been declared to spread the Corona virus but remain in a healthy state, they are still required to perform Friday prayers as long as they are not worried about being affected by the virus; 3. People who have been positively infected with coronavirus are prohibited from attending religious events involving many masses, such as Friday prayers. 4. For people suspected (suspected of severe coronavirus infection) and PDP (patients under supervision): already treated by health workers / become patients). Friday prayer may leave. The decision of Bahtsul Masail Suria PWNU East Java was made on March 17, 2020 at 634/PWA-III/III/2020. Restrictions on the worship and treatment of the bodies of Covid-19 victims by WHO and the Indonesian government have indeed been designated as pandemics. But in Indonesia, it has not yet spread completely and has infected only certain areas. In this regard, Friday prayers and other religious events have the following legal details: 1. for people who are in a safe category, it is still mandatory to perform Friday prayers; and it is still recommended to do other religious activities as usual. 2. for people in areas that have been declared to be the spread of coronavirus, but in a healthy emergency, they are still obliged Friday prayers as long as they don't worry about the virus. 3. For people who have been confirmed positively infected with coronavirus, it is forbidden to attend religious events that are associated many times, such as Friday prayer. Page 2 4. For people who suspect (suspected strongly contracted Corona virus) and PDP (Patients under supervision: already treated by health workers /become patients), can leave a Friday prayer.
