Use the name of the desired app (or google Play store URL) in the search box and follow the apk download instructions. Steps to download Android apps/games for phoneTo download and install apps or games from our site to your smartphone:1. Accept software installed from external sources (Settings - Apps - Unknown sources of the selected area)2. Download the app apk file that you need (e.g.: Voloco: Auto Voice Tune and Harmony) and save on your phone3. Open the downloaded apk file and install Voloco, a real-time voice processing app that combines automatic tuning and vocoding. You can choose a song from your library to sing or hum together, and Voloco will automatically guess the key to the song and step to fix your voice that key. Voloco also lets you record videos of yourself singing and sharing it on Facebook or InstagramVoloco has four presets effect: The Big Chorus - the seven-headed Harmonization Effect Hard Tune - the classic AutoTune sound made famous by T-Pain and other natural Tune - Gentle Automatic Melody SuperVocoder - smashed down the monster vocoderIf you don't hear anything, even when the headset is connected, then set up more options. Voloco compresses your records like an AAC in an MP4 container, so you can easily share them.
