Download Guests can't ask for updates! Buddy Toss - zinedine zidan. In it, the user will throw the men at the target through trampoline and bombs. To launch the character into the target, you need to put explosives under it and calculate the flight path. In total, there are more than fifty different characters, which can be launched in flight. However, not all of them are initially available, so you will need to try to unlock. In addition, any hero is fashionable to customize, buying for him new items of clothing. Andro-Mod Games Mod by Buddy Toce (MOD, Unlimited Money) Buddy Tos is a humorous arcade game that invites you to take part in new competitions held at the fictional Olympic stadium. Developers from CurryGames offer to become a champion among throwers of completely unusual shells - other people! There is no need to prepare before the throw - the chosen athlete sets the strength and direction in automatic mode. It is much more important to understand the mechanics of re-throwing. If the subject's body lands, it is time to set an additional acceleration and observe the result. In the future, Buddy Tos will offer to carry out a series of updates and buy a couple of bonuses for the fight for the championship titles. Buddy Toss is a fun arcade game that has complex physics as well as immersive gameplay. I need to start throwing people at a particular target. There are bombs and trampolines for this. To send the hero to the target, you will need to place explosives under it, as well as calculate the trajectory of the flight. In total, the game has more than fifty different characters. But not all of them are available at first, so they need to be unlocked during the process. All characters can be customized by buying new items of clothing for them. The controls are simple and clear, so it's easy to interact with the game. Screenshots of Buddy Toss MOD APK (VIP, Unlimited Stars) are ready to load. This game will help you travel into space in a way that couldn't be more unique. Table contentA is extremely funny and interesting game publisher CurryGames. Nowadays, games using physical rules are becoming more popular. Angry Birds is clear proof of this. Today's game, which we present to you, also has a special mechanism. If you're bored with high-quality graphics games like PUBG You can change your feel with this fun game. Simple gameplayIt can be said that the style of play Buddy Tos encapsulated in a nutshell a timely touch. After the first touch, your character is a blow up in the air muscular dog or some kind of wrestler that I haven't found yet. When you fall down, keep touching the screen so that the muscular dog continues to throw you into the air. Keep repeating like this, the next throw will be higher than the previous throw and you will also get more points. It sounds silly, but it's a game my father used to make when I was a little kid. Of course, I can't fly as high as in the game. But actually, we had a really good time. Have you ever been like this? SpaceflightBuddy Tos defeats all the laws of physics that we know or don't know. Not only fly high, but you can also fly as high as a 30-something building and even fly into space, surpassing the law of universal gravity. Explore the solar system, galaxies, space black holes, stars, search for Jedi,... without the need for a spaceship. All you need is a muscular man with a strange hobby to throw others into the air. But be careful! Just the wrong touch, the main character of the game will fall straight to the ground from a distance of 10 million light-years. Character Update The only upgrade mechanism you can perform in Buddy Tos is to update the characters. Once upgraded, your character can fly higher after each throw. How do you do that? After each game, the game will reward you with a number of stars. Use this star number to upgrade your character to the Store. Besides, you can buy costumes and accessories for characters such as clothes, hair, glasses, shoes,... There are 51 costumes and 32 accessories inspired by familiar characters like Darth Vader, Jedi, Spider-Man, Batman, ... Designed in terms of graphics, Buddy Tos is designed in a rather funny cartoonish style, bright colors. The way they imitate everything can make you laugh. As you fly into space, you may feel like an ant man is in a quantum world where there are many abstract images and colors. Also, the screams of the characters when he falls are so funny. MOD APK version of Buddy TossMOD FeaturesUnlimited Stars: In addition to the goal of conquering new heights, many players want to own beautiful skins. However, the cost of buying skins is relatively expensive. Want more stars, you have to play a lot and watch a lot of ads. To save time, you may want to consider downloading Buddy Toss MOD APK. The game gives you a lot of stars right after the game starts. If you want to download the MOD version, you need to remove the version from Google Play sooner. VIP unlocked: You are no longer bothered by ads. If you've used the star version of MOD, watch video ads to get stars Download Buddy Toss MOD APK for AndroidIn's whole, Buddy Tos MOD APK is fun, simple and absolutely free for free Without the element of violence, everything is modeled with humor, so the game is suitable for everyone, including children. If you are afraid of heights, maybe the game will cause a little fear! If you're fed up with heavy 3D mobile games with complex gameplay, you should try an excellent game, Buddy Toss. I bet you'd love it. Buddy Toss is a simple and easy-to-play mobile game developed by CurryGames developers in an interesting and unique way. In the game you will play a muscular hero who has a strange interest in throwing his buddy into the air, even from the galaxy. Buddy Toss Mod APK download for AndroidIt sounds silly, but Buddy Tos is really fun and brings you relaxing moments after hard working hours. Don't forget to visit our blog to update the latest version of Buddy Toss on Android. Here's everything you need to know about this exciting game. How to playBuddy Tos is simple and funny. In the game, players just touch the screen to throw their friend as high as possible. The new throw is higher than the previous throw. When your friend falls, you have to make the next throw at the right time. Otherwise, the friend will fall to the ground and the game ends. If you are unlucky that your friend has fallen to the ground, you have another option to watch the promotional video that the game offers for you. This will help you keep playing the game without having to start playing again. Buddy will be thrown into the air thousands of meters away. Previously we introduced some great Infinite Runner games that you should try: Odyssey Alto and Super Mario Run. Upgrade characterThe score is calculated by the maximum number of recorded meters. After each turn you will receive a reward of some stars, which corresponds to your achievement. You can use these stars to update your character or buy a new character from the store. After each game, you can spend some time to see the ads. This can give you more stars than usual. Character updates will help you get stronger and higher throws. It's also the only update of this game that you have to care about. More challenging, more funIf you feel the number of stars that you have earned in the main play mode is too small, you can try playing in Story mode. In this mode, players will participate in a specific story. Currently, only the Buddy Thief theme to choose from is available to players. In Buddy Thief, two thieves steal in a tall building. The big thief throws another into the air, crossing the building in turn. The thief's task is to steal all the furniture on all floors of the apartment. The gameplay is very similar to the main game mode, but it adds a feature of theft. You can do touching the screen when a smaller thief flies over above The final score will be calculated using the largest number of floors that you have reached. The more things you steal, the more rewards you get. GraphicsBuddy Toss uses funny cartoon style graphics, bringing entertainment and laughter to the players. Creating a character in the game is also minimalist to the simplest. There is no bloody or brilliant effect when Buddy falls to the ground. This makes the game completely non-violent and suitable for all ages. The fun and screams of the abandoned friend also create excitement and bring laughter to the player. What's More in Buddy Toss Mod Money? Buddy Toss has a simple gameplay that is suitable for everyone. All you have to do in the game is touch the screen to make throws like a real athlete. Don't forget to collect the stars to update your character! The current game is always in the Top Editor Choice on the Play Store. Although it's an easy game, Buddy Toss still has some of the requirements that your device should meet: Android runs at least 4.4, 100M free memory, and 1GB of RAM or higher. We hope you have a relaxing moment with this game. ConclusionBuddy Toss is a fun free game. However, you may encounter quite a few ads in the game. If you feel that you are worried, you can pay a small amount of money to completely eliminate them or use Buddy Toss Mod APK, which we provide. Buddy Toss attracts players with simplicity in how to play, but brings great joy. You won't need to look at your phone screen while you're playing. You're just leaving your friend the moment he falls. The game also has the ability to compare your results with players around the world or share your records on social networks easily. If you have any questions about the game, please leave a comment below.
