Palm desert high school calendar

Next year, the Dessert Sands Unified School District will start a few days earlier. According to DSUSD's public officer, Mary Perry, the district board voted to set the school's start date to 19 August. At the beginning of this month, parents expressed frustration with a proposed start date that was even earlier, August 13. According to the district calendar, the 2019-20 school year began on August 22. Perry, changes will come later in the year; the breaking winter will run from December 21 through January 1 and the final days of class will be on June 4. If approved for August 13, the last days of classes are s searched for May 28th. Current status in reopening our School Plan 2020-2021 Update September 27, 2020 Hello Parent and Students! We are pleased to announce that Adventist Dessert Academy has been granted a university to reopen instructions in the Rirside County Department of Public Health. Grade K-6th is part of the reopen plan. Classes are scheduled to resume on Monday, October 5, 2020 for those families who would like to return to the teaching classroom. We will open and follow the plan to reopen as agreed to the DPH's Counting Riverside. For grades 7 and 8, DAA will be allowed to accept students for teaching in the classroom starting Tuesday, October 6th. The main reason for the difference is that the counting has established a different set of directions for grades 7 and above. Under the Blueprint for a Security Economy as Governor Newsome, we will follow the identical plan, and a modification on what will be enabled in the Blueprint for a Safe Economy. The main difference for 7th and 8th grades is that returns for in-class instruction will be permitted based on the Tier County assignments. Level assignments are Level-1 Widespread-color red, Level-2 Substantial-red, Level-3 Moderate-Orange, and Level 4 Minimal-yellow when measuring the number of new cases per day with the positivity rate of COVID-19. When Riverside County is in Tier 2 or higher, these guidelines will apply to all schools: Schools in Widespread (Purple CT-6) are not permitted to reopen for instruction, unless they receive an example from their local health department for their CT-6 health class. Schools may be reopening for instruction- people once that counts have been at substantial (red) levels for at least two weeks. Schools must follow these guidelines when reopening or closing again. As previously noted, many factors play a part in DAA being able to stay open for in-class instructions. Many efforts are applied to ensure children are safe, including but not limited to; personal protective equipment, stroke, social distance and use of masks. Adventist Desert is putting its full support behind re-opening, and is working hard to implement measures for students, and staff safety. Please get listed under the link to proceedings and protocol Dessert Adventist Academy will apply for the personal education for students and staff on the school yard.
