DOWNLOAD FOR LINUX Download and open the released file Free cross-platform desktop player for YouTube Music Download What are you waiting for? Hit Download and open a YouTube desktop app on your Windows desktop or laptop platform. DOWNLOAD FOR WINDOWS Download and open exe file Now you can download and install the YouTube Desktop app for your Mac. Just press the download button above and follow the instructions. DOWNLOAD FOR MAC Download and copy .app to your / Apps Directory Download YouTube Desktop app on your Linux system and enjoy YouTube.com in just a click from your desktop. DOWNLOAD FOR LINUX Download and open to perform file Free cross-platform desktop player for YouTube Music Download YouTube is probably one of the most popular websites on the Internet, with viewers going in millions to watch the latest music videos, cat videos or tutorials. No matter what you're looking at, you can't deny that having to visit YouTube through some of the standard browsers can be a bit of a hassle, especially if you think the browser you're using is unsafe. That's where YouTube Desktop comes into play, as it's nothing more than a browser-free alternative to Youtube, with almost all the features of the original versions. Fast access to your favorite videos online The app's customization process is invisible, as it is very fast, and the created desktop shortcut becomes a means for you to be in one click from YouTube. Although there is no doubt that this application has some advantages over the browser version of the website. Add free video viewing One of the great perks of this tool is that it doesn't seem to allow these pesky videos to add a pop-up. Whether this is on purpose or one of the advantages is not a browser based on the hotspot is unknown. However, normal ads still appear. By default, the program launches a YouTube homepage for you, although you have the option of connecting to your created YouTube account, allowing you to use this app as a gateway to your channel quickly and efficiently. One of the drawbacks of this app is that manually searching for video through the search bar will usually end up in an error message So you're limited to watching videos that arrive automatically through the YouTube automatic playlist feature. Enjoy YouTube browser for free While from, YouTube YouTube is still compatible with today's version of YouTube, making it a great way to enjoy YouTube videos when you think your browser is more of a liability.
