Content Index Video: English Time Review of the verb Tensions B1-B2 - Summary Table Present Perfect Simple or Continuous? Situations that have started in the past and are still ongoing We can use either present quite simple or continuous for situations that began in the past and are still ongoing. But we have to use a real perfect simple with stentative verbs, and we usually use a real perfect continuous with dynamic verbs (although the present perfect simple is also possible.) We have had this machine for years. I haven't been sleeping well lately. We use a real perfect continuous with dynamic verbs for situations that began in the past and still continue when we want to emphasize how long the situation lasted. I've been waiting for hours! (I want to emphasize that I have been waiting for a long time). I couldn't do the dishes. I've been working all day. Ready and unfinished situations We use present ideally just for finished actions in the past, and present perfect continuous for situations (originating from the past so far) that may or may not be finished. Who ate my cookies? (We'd say it if there weren't cookies left) Who ate my cookies? (We'd say it if there's some cookies left) I watched the series you recommended. I'll tell you about it when I'm done watching. I watched the series you recommended. I watched the last episode yesterday. Actions with present results We can use as present is completely simple or continuous for the latest actions with this result, but we use the present quite simply when the current results come from having finished the action, and we use the present perfect continuous when the current results come from the action execution process (which may or may not be finished). Look how good my car looks. I washed it. I'm sorry I'm so sweaty. I washed the car. Something else in this house. Did you draw it? Why are you so dirty? Did you draw? Page 2 Page 2 Today's lesson for high/upper intermediate English students. It is time to carefully examine the structure of some English proposals. This exercise will help you consider English time. As I mentioned, read carefully the suggestions for clues on which tense should be used. There's also a phrasing verb question there, too (see number 3).
