Sometimes a big button-down shirt in a store or second hand fits very well in any way, but one. Buy the shirt anyway, bust out of a sewing machine (or phone to call a qualified friend), and solve the problem of mounting yourself. The ManMade blog details a smart method of sewing a shirt that doesn't fit right around the hips, or has sleeves that just don't sit right. Before sewing though, make the shirt fit right in the mirror: This method is called pine and pine - so not just that. Start with the sleeves and grip the material until it is tight around the arm, but you still have a full range of motion. Fix it from the cuffs to the arm pit. Then do the same around the trunk. Since most men's shirts do not have seams in the back, pull the excess towards the side seams, and pine from the arm pits at the waist. She felt the shirt was perfect for a regular errand day. Christine styled her shirt with a pair of black skinny rippies, a nude kitten heel and sunglasses. It's light, airy, she said, I can run around town and do things with it. Put on sneakers and a ponytail and you're ready to go. Her only complaint about the shirt was that it's a little too long: I might just roll it, tie it into a knot, try to make it a little shorter somehow, but it's a comfortable t-shirt. TODAYElissa, who wore the shirt at medium size, also found this look to be lightweight and comfortable. It's a nice option if you don't want to wear a logo or any kind of slogan. It's just an effortless T-shirt, she said. I'd wear it with jeans and a grocery store or a picnic in Central Park. Elissa did not love the yellow color on it, but with 8 different colors listed on Amazon, there is an elegant option to match every skin tone and color preference. She styled her shirt with jeans, sandals and a necklace. This is the perfect way to wear your shirt on a summer's day. With the simple addition of a lightweight jacket, this can be easily switched to dropping. TODAYKourtney tried on a large navy-blue T-shirt. She paired her look with velvet slide-on sneakers and cut-off jean shorts. Normally, I'm not a t-shirt person, but if I had to choose, this would definitely be the type of t-shirt I'd be comfortable in, she said. In general, Kourtney considered it a casual but elegant look. It's something for weekends that you throw away to run errands and stuff. It's perfect. TODAYMalema X-great model, DeAndra, thought this stylish T-shirt T-shirt breathable and comfortable. It's very soft, she explained. It's not very thick, but it's thicker than a typical female T-shirt because they tend to make our shirts thinner for some reason. For the video, DeAndra paired her shirt with black leggings and a shiny silver tennis shoe. Her style perfectly dressed the look up, while sticking to her desired casual vibe. TODAYIn the 20th-large size, Elizabeth was a big fan of her purple t-shirt. I like the scalloped edge on my ass. It felt like it was super flattering because it's a plus-size T-shirt, she said. Elizabeth also liked the material of the t-shirt. I felt easy, Elizabeth said, didn't feel it was a heavy shirt. It's a summer T-shirt. Elizabeth styled her shirt with jeans shorts and brown sandals. I think I'd wear pretty much with shorts or jeans and probably hang out with some friends. Like a campfire or going to a park or a food truck festival or something, she said today.
