All it takes is a bit of practice and hard work. Playing the piano is surprisingly easy. The number one thing to know is the laws and regulations to the document. In music different lengths of notes (the amount of time you hold them) is a very simple system. Here's an easy way to put it. The whole note No. 2 Half notes, 4 quarter notes, 8 eighth notes, 16th notes, 32 thirty-second note, etc..... You can find the note chart below. To continue on the 64th notes etc you just add another tail. Thus, each note is worth half one before it. Note groups work together to create a measure. The number of strokes in the measurement is decided at the time of the signature. The time caption also decides which note receives one punch. The signature time looks like a faction. Here's the main signature of the time. 4 - Number of punches per measure (four strokes) - 4 - Note that has one stroke (quarter note) Here are the notes on the piano. The piano was created by the Great Staff. The large headquarters is divided into two parts treble Clef and Bass Clef. Treble Clef is usually a medium C and above, as you can see in the last picture. Bass Clef is usually a medium C and below, as you can see in the last picture. I say usually because there are some exceptions to this rule. Back at Step 2 you can see the graph with the piano on it. If you have a sharp you play black up. If you have an apartment you play the black key one down. The exception to this rule is that a C-apartment is the same as a B. B sharp same as a C. F apartment the same as an E and E apartment the same as F. At the beginning of the music you will see some flats or sharp, it just means that you are flat and sharp these notes. Congratulations now to go there and play the piano.
