May I ask what kind of monster do you need? Chances are, you can get it back at some point, and the reset is a waste if you've invested in a decent and/or invited some good nat 4 or 5-stars. 12th heya 2014 at 0.39 · Summoners war How do I reset my account I've stuck to the tutorial I've asked for help once but couldn't get it please help me solve this problem! I haven't found many up-to-date guides that quickly get early in the game with natural 4 or 5 star monsters resetting. I decided to put together one that is relatively fast and easy. The goal is to get 75 Crystals and Temple of Wishes before resetting. The necessary requirements to achieve this are: * Having at least 9 friend reps able to do Garen Hell (preferably 14). If you have less than 14, you need mentors.*25-30 minutes of free time. Next are we have steps to take to accomplish your goal:*Reset your account.* Using the first discounts you've been given, rush through Garen Forest Normal.*When you play you can complete daily missions. There are only 7 if you keep the arena locked (don't click on the icon to open this cut scene).* Use your rep for monsters and/or mentors to complete Garen Forest Hard and Hell modes. By the time you finish it then level 7 and have completed your daily missions.*Use 75 Crystals from; captures level 7 (35 Crystals), Daily Missions (10 Crystals) and Garen Hell Mode (30 Crystals) invite.*Unlock temple of wishes. Your goal is Mystic Scroll, 100-150 crystals or Monster Summon (these are just a bonus roll to help any reset has a greater chance of nat 4 or 5). This is the method I used the account that I decided to start initializing, and after three resets I got Barque (Wind Pirate Captain). It was an acceptable starter monster in my eyes because he has the amazing Giants B10 with very few skill-ups needed. It should be noted that I called the Horned Frog just before my crystal invitation to this account. I now believe in this myth of being called out. If you have anything to add, or comments on this mini-guide, please comment below and I will respond and update the guide accordingly. Edit: As noted / u / Pouloum you can agree to the review and immediately go back to the game with 10 crystals. Allows you to skip daily missions. Page 2 of 55 comments
