The map includes the islands of Herangel, Miramar, Sanhok and Vikendi. After selecting the map, players will be given parachutes to reach the chosen area. The player will press the jump button and slide to the ground. The game begins by providing weapons to any of the players will search the area for weapons and arm themselves to kill enemies. The player or team that survives in the last, wins the round and will be promoted to the next stage. Safe zones consist of areas on the islands where players will be safe with or in the absence of fewer enemies. At the beginning of the game goes on, the safe zone will get less of an increasing risk of being killed or attacked by the enemy. Players will also face bombing in the safe zone and will have to leave the safe zone to survive the attacks. The safe zone will not remain the same for each match, rather it will be changed to create a more complex experience for the players. Players must find a safe zone as soon as possible and grab weapons to survive and win. The game can be played in one mode where you will not have a team or squad to protect you, and if you get shot in the head, you will eventually lose the round as no other players. Other players in your squad or duo may be your friends and you will need to send them a request and they will accept the entry request. The advantage of playing in a duet or squad is that your squad members or your partner in a duet will be able to revive you in case you get a shot of any player. In addition, it also allows you to cover more land and attack more enemies with the help of your squad. The MOD version of PUBG offers a plethora of modified features to upgrade video games that include Unlimited UC, Unlimited Battle Points, Wall Hacking Feature, Security and Anti-Ban Features, Easy to Use, No Rooting Feature and Direct Installation in Every Android Device. Wallhack feature This FEATURE app PUBG allows players to see and find enemies on the map. It can be compared to the Aimbot, but in the case of Aimbot, there are more chances to get noticed and killed by an opponent. However, when using a wall hack, the player must play smart and try not to shoot the enemy through the wall, as in this case, the player will get noticed that he is using a hack and can get informed from other players for using the hack shortcut. Unlimited UC: UC means Unlimited cash, and only this currency is used in the game to purchase the cosmetics and skins you want. In the original version of PUBG, the only way to earn UC is to pay with real money, but in PUBG Mod APK this feature has been updated and now it offers unlimited UC to players for some time. Players can have an unlimited SUPPLY of UC to purchase things inside the game, including cosmetics, skins and outfits. Unlimited BP: BP stands for combat points. This is a currency that is used in THE PUBG game and received from the player at the end of the match. The amount of BP currency depends on the player playing in the match. The more BP, the longer the player stays in the game, the more BP points, the more damage the player inflicts on the opponent in the match, the more BP points he will receive. These BP currencies can be used by the player to improve his appearance, cosmetics, hair color, skin color and outfits. PUBG mobile hack is a hack in which you can get unlimited Battle Points. Aimbot Aimbot is a feature of video games in which automatic shooting is done to kill targeted enemies. He automatically notices enemies and kills them. But in order not to be seen or registered, Aimbot does not shoot enemies through the wall and building. Teh Aimbot only works for guns, not for grenades and other weapons. But the player must be careful with the cartridges, as endless ammunition is not provided. Rather, players must find weapons and ammunition themselves. The player must use the ammunition with caution, so that the enemies kill with less loss of ammunition and weapons. PUBG Mobile Mod APK has updated the feature by unlocking various skins of weapons and skin players using unlimited UC and BP. The currency can be earned after it passes through various skins and weapons that include VIELI BRUNCH-PAN, SHARK BITE-KAR98K, GOLD PLATE-S686, GLORY-AKM, TURQUOISE DELIGHT-KAR98K, GOLD PLATE-AKM, TURQUOISE DELIGHT-M16A4, SHARK BITE-M16A4, GLORY-UMP9, GOLD PLATE-S12K. This feature also allows the player to modify and take different and variable clothing skins to impress other players and enemies. These clothing skins include MILITARY SKIRT (BLACK), SCHOOL SKIRT, CLOTH MASK (LEOPARD), CLOTH MASK (CHECKERED), zEST CHECKERED SKIRT, PLEATED MINI-SKIRT (BLUE), MINI-SKIRT (PURPLE), FRINGED HOTPANTS. PUBG Mobile offers many features that add to its popularity around the world. These features include combat integration, dead members so can be revived, gun and character tuning, colorblind support, best shots for the best purposes, joining disabled matches, picking up helmets, vests and suits, etc. It also provides ammunition and targeted equipment. To avoid damaging the player from the gas poison, the player is offered a gas mask, which can be brought from the storage facilities. In order to score well and win every match with a leading score and get more fighting points and unlimited cash, the player can also use PUBG Mobile Kr Hack, which is a hacking method. This allows the player to remove fog, grass and buildings that create obstacles for players to find and kill the enemy's target with clarity and without losing ammunition. This hack cannot be detected or reported by developers, so it is safe to use. PUBG Mobile has made the rule that you can play PUBG for as little as 6 hours at a time, after that, you will be banned, after which you will be able to play only after 24 hours, but with this Mod Apk you will be able to play for as long as you want. Battle Point (BP) BP is also the currency of PUBG Mobile, the full form of which Is Battlepoint. Combat points depend on how many kills did you do?, How long did you survive?, and how much damage did you give to your enemies?, at these bases, you get combat points. The war point can be used to change your skin and buy as much leather and costume as you want and impress your friends. Pubg Mobile Mod Apk Aimbot Every gamer must have heard of Aimbot, it started with our old Counter-Strike game. You can understand the meaning of the term Auto Target, which means that the weapon will automatically target and shoot at your enemies so that your enemies won't get the time. The best part is that it doesn't shoot people hiding behind a wall or tree, which doesn't give suspicious activity a feel, and minimizes the chances of getting banned because no one will notice your activities no one will even report. The most important thing is that this hack, you don't get unlimited ammunition that you have to take care of them. If you use it well, then you can easily kill 15 to 20 enemies in each match. So if you use it carefully then there is no risk of getting banned and you will be able to have a chicken dinner in every match easily. PUBG Mod APK Wallhack (Pubg Wall Hacking Apk) You can understand from the name what is meant by wallhack; In this hack, you can also see your enemies through the wall. And your enemies will also be visible on the radar of the map, which lets you know how far away you are from your opponent, but keep in mind that you do, you will come in the eyes of others. But if you play intelligently, then you'll go far enough in the game without noticing, and no one will know about this PUBG Mobile Fashion hack. PUBG Mobile Hack Mod Gameplay PUBG in full form is Player unknown Battle Earth. The graphics of this game are so strong that you will be addicted to playing it. That's what people from all over the world are playing. groups from different countries. Countries. Countries. It's a multiplayer game you can play with friends and family. Your smartphone should have at least 2GB of RAM, then only this game will run smoothly on your mobile phone. If there is less RAM on your mobile phone, you can also play PUBG on it too, we wrote a separate article for this, after reading that you will be able to play PUBG in Low Ram Mobile as well.
