With his first novel, The Secrets of Pittsburgh, Michael Chabon announced his presence as a literary wunderkind of style and substance. The modeling world and other stories have only burned its reputation as a distinctive prose stylist. In eleven elegant tales - some of them bound-in-the-New York Times bestselling author Telegraph Avenue and the amazing adventures of Cavalier and Clay, Chabon's singular characters hold tightly for private dreams, even when their immediate relationship crumbles. Five stories follow a disturbing teenager from a beach getaway where he learns about his parents' divorce in a confused days of depressingly misguided crush. Others find former lovers tormenting each other in a cafe on the ocean, a washed professional baseball player attending the funeral of a teammate, and a Pittsburgh disc jockey still pining for a woman who married him to obtain American citizenship. Chabon moves through powerful emotional lands with confidence and delicacy, raving to the Chicago Tribune. There are heartbreaking moments in these stories, but they turn out so accurately, through incidents that capture the subtlest feelings, that the reader can only smile at Chabon's skill. Michael Chabon, author of The Amazing Adventures of Cavalier and Clay, Lungow and Union of Yiddish PoliceMan, is one of the most famous talents of modern fiction. The Secrets of Pittsburgh, published when Chabon was only twenty-five years old, is a beautifully crafted debut that brought him into the literary stratosphere. Art Bechstein may be too young to know what he wants to do with his life, but he knows what he doesn't want: the life of his father, the man who laundered money for the crowd. He spends the summer after graduation, finding his own way, experimenting with a group of brilliant and seductive new friends: the erudite Arthur Leconte, who opens new horizons for art; a mercurial Phlox that confuses it at every turn; and Cleveland, the poetic biker who inevitably pulls him back into his father's crushed world. Writers Reflect on 100 Years of Landmark ACLU Case Publisher : Simon and Schuster Release : 2020-01-21 Pages : 336 ISBN : 1501190423 Language: En, Es, Au De GET BOOK To mark its 100th anniversary, the American Civil Liberties Union partners with award-winning authors Michael Chabon and Ayet Waldman to bring together many of our greatest living writers, each contributing to an original piece inspired by the historic ACLU event. On January 19, 1920, a small group of idealists and visionaries, including Helen Keller, Jane Addams, Roger Baldwin, and Crystal Eastman, founded the American Civil Liberties Union. A century after its inception, the ACLU remains the nation's main defender of the rights and freedoms guaranteed by the Constitution. In collaboration with the ACLU, authors Michael Chabon and Ayet Waldman curated an anthology essay on landmark cases in the organization's century-long history. The Battle of the Century takes you inside the trials and stories that have shaped modern life. Some of the most famous cases that the ACLU has been involved in are Brown v. Board of Education, Roe v. Wade, Miranda v. Arizona-need little introduction. Others you may not even have heard of, but their results have calmly defined the world we live in now. Familiar or little-known, each case comes to a bright life in the hands of famous writers who immerse themselves in history, tell about their personal experiences and discuss the issues at the center of each issue. Hector Tobar introduces us to Ernesto Miranda, a criminal whose wrongful conviction inspired Miranda's now iconic rights, which police later read to the man suspected of his murder. Yaa Gyasi opposes Brown's legacy against the Board of Education, in which the ACLU presented a friend-court brief questioning why the nation that sent people to the moon so far public schools are so unequal that they may also be on different planets. True to the spirit of principled dissent by the ACLU, Scott Taroe offers blistering critiques of the ACLU's campaign finance stance. These powerful stories, along with essays by Neil Gaiman, Meg Volitzer, Salman Rushdie, Ann Patchett, Viet Thanh Nguyen, Louise Erdrich, George Saunders, and many others, remind us that the issues that the ACLU has dealt with over the past hundred years remain as vital as ever today, and that we can never take our freedoms for granted. Chabon and Waldman donate their promotion to the ACLU and Savers refuse to pay. Madeleine, a dreamer, travels among them, trying to understand their own metamorphosis. She leaves home, joins the gypsy circus and falls into an unexpected triangle of desire and love. Embracing earthly and ethereal, funny and poignant, Madeleine Sleep is part fairy tale, part coming-of-age story, and above all an adventure in discovering art, sexuality, community and self. Cherished by readers and critics alike for such quirky novels as the amazing adventures of Cavalier and Clay, The Mysteries of Pittsburgh, and Wonder Boys, Michael Chabon is at the peak of his considerable powers in this startling and bittersweet collection of short stories. An anxious young loser does nothing to protect his best friend from the contempt of his teachers and classmates. A kleptomic real estate agent leads an unhappy couple on a disastrous home tour. Heartbroken fraudster considers his ex-girlfriend's grandmother an easy meta and an unexpected source of redemption. Throughout all these stories, Chabon's characters, imbued with melancholy but crippled by broken love, often find themselves at a crossroads and faced with a sudden understanding. Michael Chabon is Updike without condescension, writes James Hines in the Washington Post Book of the World, Chiver without self-pity, a young American Nabokov who writes with rueful joie de vivre. In this darkly funny, painfully delicate collection, he puts compromises of adulthood and vivid childhood fantasies with clarity and warmth. This e-book contains a biography of the author. Archie and his wife, Gwen, are expecting their first child; Nat and Aviva have a teenage son, Julius. Cranky, flawed and loving each other with all the ferocity we've come to expect from Chabon characters, Archie and Nat have worked to build a life and livellhood that have a groove, looking to connect through the barriers of race and class, and clinging to a sense of order and security through their stubbornly old-school ways. When ex-NFL quarterback Gibson Goode, the fourth richest black man in America, announces plans to build his latest Dogpile store on a nearby derelict stretch of Telegraph Avenue, Nat and Archy fear it means some doom for their vulnerable little businesses. What they don't know is that the buzz announcement marks the culmination of a decade of secret history spanning the forgotten crime of the Black Panther era, the tragedy of Archie's own dead father-long-disappeared Blaxploitation star and the perpetually brilliant failure of American optimism about race. Publisher : Open Road Media Release : 2011-12-20 Pages : 372 ISBN : 1453234101 Language : En, Es, Fr and De GET BOOK wise, wildly funny story of a self-destructive writer lost weekend Pulitzer Prize, New York Times bestselling author (Chicago Tribune). The wildly successful first novel made Grady Tripp a young star, and seven years later he still hasn't grown up. He is now a writing professor in Pittsburgh, plummeting across middle age, stuck with an unfinished manuscript, estranged wife, pregnant girlfriend, and talented but deeply disturbed student named James Leer. During one lost weekend at a writing festival with Leer and depraved editor Terry Crabtree, Tripp had to finally confront the wreckage made of his past decisions. Mordant but humane, Wonder Boys features characters as lovingly flawed as anyone in American fiction. This e-book contains a biography of the author. Publisher : HarperCollins Release : 2016-11-22 Pages : 448 ISBN : 1443418722 Language : En, Es, Fr and De GET BOOK Follow on the heels of his New York Times-best-selling novel Telegraph Avenue, Pulitzer Prize-winning author Michael Chabon delivers another literary masterpiece: a novel of truth and truth, family legend, and existential adventures, and the power to destroy us. In 1989, just after the publication of his first novel, The Secrets of Pittsburgh, Michael Chabon went to his mother's house in Oakland, California, to visit his terminally ill grandfather. A language weakened by powerful painkillers, a memory alarmed by the immediacy of death, Chabon's grandfather shared memories and told stories that the young man had never heard before, revealing pieces of history long buried and forgotten. This dreamy week of legomaine revelations at the heart of Moonglow's novel, the last legerdemain's in magical act, which is the art of Michael Chabon. Moonglow unfolds like a deathbed confession made by his grandson, a man the narrator calls only as my grandfather. It is a story about madness, about war and adventure, about sex, desire and ordinary love, about existential doubts and exemplary rocket, about shining aspirations and demonic foundations of American technological achievements in the middle of the century and, above all, about the destructive influence and creative power - about preserving secrets and lies. A thrilling, poignant, tragicomic, scrupulously researched and fully imaginary transcript of life that encompasses the dark heart of the twentieth century, Moonglow is also a tour de force of speculative history in which Chabon tries to restore the mysterious origins and fate of Chabon Scientific, Co., a genuine postal order novelty company whose ads for large-scale models of human skeletons, engines and rocket engines were once a novelty. Along the way, Chabon invents and reveals, piece by piece, whose hallucinatory intensity corresponds only to their comic energy and the radiant moon chaff of his prose, the secret history of his own imagination. From the Jewish slums of pre-war south Philadelphia to the invasion of Germany, from a village for the elderly in Florida to the penitentiary utopia of New York's Wallkill Prison, from the heyday of the space program to the twilight of the American Century, Munglou is destroying the era into a single life and a lifetime of one week. A lie that tells the truth, the work of fictional non-fiction, an autobiography wrapped in a novel disguised as a memoir, Moonglow is Chabon at his most daring, his most touching, his most Chabonesque.
