Table contentNameTom and Jerry: ChasePackagecom.netease.tjglobalPublisherNetEaseCategoryCasualVersion5.12 (Last)Size1GMOD FeaturesNoRequiresAndroid 2.3Tom and Jerry: Chase is a competitive 1v4 game, but the game has a fun style when attracting characters from the famous cartoon Tom and Jerry in its game. NetEase was licensed by Warner Bros so they could create a game with characters related to childhood to create a sense of nostalgia when participating in this game. Tom and Jerry's cartoons are recreated with this classic original style game. StorylineTom and Jerry is a cartoon related to our childhood. Although the story simply describes three words cat chase for a mouse, but it is very attractive to viewers from children to adults. Netease does not want to lose its original identity, so they also put the plot of the original film in the game, thereby developing a chase game similar to the plot of the film, instead of developing it into a different genre from its inherent content. However, it is not fair for the big cat to fight the tiny mouse. This time, tom the cat will have to chase four mice in search of cheese. Who will win? GameplayIf you've ever known or played Dead By Daylight Mobile or Identity V, you'll get to know Tom and Jerry: Chase very quickly. Basically, you will be able to choose to control the feline side or mouse side. It's like a chase game, if you're a cat, then you're chasing a mouse. And if you play like a mouse, you have to find the cheese and push it into the cave and of course don't let the cat catch you. For example, if you choose the mouse side at the beginning, you will control the robot mouse to spy on the house and find the location of the cheese to save more time. If you are a side cat, you can destroy these rat side to spend time searching, increase the time to chase and eliminate annoying opponents. The game lets you control the character with the buttons arrows or or Buttons. In addition, there are some button skills for each character that can be learned when aligned, as in MOBA games. CharactersBasically, the most famous monument throughout the film is Tom's character and Jerry's character. But Tom and Jerry: Chase has characters that appear very little in the series to create variety for games such as Butch, Lightning, Jerry Robinhood, Jerry Detective, Taffy, ... Each character has unique skills, be sure to read them carefully before joining the match. In particular, the game is also very interested in aesthetics when the characters have their own costumes. Items Our battle won't just be an empty house when a lot of interesting items appear everywhere. The game also has a lot of interesting items such as ice, bazooka, explosives, ... The endless chase will be more interesting and tactical when there are these items. Playing with FriendsTom and Jerry: Chase also allows you to play custom matches with friends like other MOBA games, but not 10 people but up to 5 people. You can absolutely communicate, chat with friends right in the game without any other software. GraphicsAdmittedly, Netease knows how to use and use it best when characters related to childhood have pretty similar drawings to original movies. This is a big plus that helps the game attract a lot of players. Specifically, the game also supports high frame rate (maximum 60 FPS) and HD graphics to meet the needs of players to have the smoothest experience possible. In addition, the map is also very diverse and designed with every touch. Chasing a battle can take place in the sea, indoors, castles, yachts, ... The sound is also particularly invested, making you feel like you are enjoying a Tom and Jerry episode that you have ever addicted to as a child.
