It distills real-time strategy of the game in its purest form. - A.V. Club Later game introduces some very interesting mechanics though, such as black holes, gamma-ray bursts, and orbiting planets... There is something for everyone. - Techgag Auralux and MOD - 4.2 out of 5 based on 5 voices DescriptionAuralux - is an absorbing game for Android devices made in the genre strategy in real time. The game can only work on devices with Nvidia Tegra GPU, but the developers promised to optimize the game and add a large list of supported devices. After the game you will have the opportunity to become an admiral and went to the battlefield with his soldiers. But you can only take commands on one type of unit and create only one type of combat unit. One of the main achievements of the developers are the sounds in the game. Unique game mode and dynamic gameplay create beautiful and concise music. War Drum Studios stated that they created Auralux on Android for relaxation in the first place; That's why the game has a calming effect. But you must not forget that you are responsible for every step, and only the person who will develop the best strategy can win.
