They should read the Note for Teachers given at the beginning of each textbook. This can help them in the children's pedagogy section. Candidates must be quick to address issues related to understanding and prose. To do this, they must understand the content and draw conclusions from it. Solve a mock-up of documents to get an idea of the type of questions asked in the exam. Solve math problems regularly. Although the curriculum is up to grade 5, the difficulty level can reach grade 10. So, remember the formula and work on your speed and accuracy. Candidates are encouraged to read pedagogy questions carefully. Sometimes, the questions are twisted to confuse them. Regularly review mathematical concepts and formulas. Develop short tricks to solve problems at the lowest possible time. This will be possible only if the applicants practice a lot. NCERT textbooks. Make pointers concepts learned in Sometimes just logic can also help us come to answers. For historical events, remember the events that take place in the series. Read Theme Wise Preparation Tips on CTET 2020 Frequently asked questions Ke: What is the labeling scheme in CTET 2020? Ans: In both documents, each question has one sign. There is no negative marking in the document. In paper 1, all sections have an equal weight, which is 30. In Paper 2, the last section is that Math and Science or Social Research/Social Sciences carries a maximum weight of 60 marks and another section carries a weight of 30 marks each. What is the main curriculum for CTET 2020? Ans: CTET Syllabus is defined by CBSE, which includes child development and pedagogy, language 1 and language 2, environmental science, mathematics, science and social studies. The question is: How many items are there in CTET that a candidate should prepare? Ans: 1. In CTET Paper-I: Child Development and Pedagogy, Language-I, Language II, Mathematics and Environmental Studies. In CTET paper-II: Children's Development and Pedagogy, Language-I, Language-II, and Mathematics - Science or Social Research/Social Sciences. The question is: Is there a difference in the curriculum of Document 1 and Document 2 OF CTET? Ans: The CTET program is almost the same for both works. However, the exam layout and the complexity of the questions asked in both papers are different. Paper 1 assesses the ability of candidates based on the Class I-V curriculum, while the 2nd document program is more focused on finding suitable candidates for the vi-VIII classes. The article may be information for previous academic years, please contact the official website of the exam. Exam. ctet december 2020 paper i syllabus
