Hunting with us is like hunting with family. We have worked hard to assemble a team of experienced, discreet, respectful and focused guides to help you get the bull for life. Our guides have more than 50 years of experience hunting for Roosevelt elk, as well as hunting and guides throughout North America. The quality of our team shows how we run our hunts and how many of our hunters succeed. Every day we will have a hot breakfast and give you a huge lunch. Once we leave the lodge, we'll go on a fair chase hunting for thousands of acres of public access and private property. Muzzleloaders and archers hunt during rut; modern gun hunters go a little later. Usually we hunt on foot, but we will use mountain bikes and boats if that is what it takes to find the best bulls and restore the meat. One of our goals is to help you become a better hunter, so along the way, our guides will show you the hunting and challenge techniques that can be used on your own hunting for years to come. Once your bull is down, we will help you get it out of the woods and into our walk to the cooler where it will stay chilled until you leave. At the end of the day, we head back to the Lodge for a hot shower, delicious lunches, and comfy beds. More than anything, we love the Moose Roosevelt hunt and want to share with you our love for these magnificent animals. We look forward to showing you how much fun it can be.
