Level 2Pressure all letters in escape to light them green. Level 3All all buttons in numerical order: 1-2-3-4-5-6.Level 4 Press the left button to light the letter at a time. Press the right button to lock the letter so that it stays green. Repeat the process until all letters are lit. Level 5Lue sign This X Note the level number under the bird. 5xEscape.Press the buttons to enter the word f-i-v-e. Level 6Wait to light up the green bulb on the wall. Quickly press all the letters in escape to turn them green before the bulb flashes off. If the lamp goes dark, you have to wait for it to light up again before you can change the remaining letters. Level 7Send all letters in escape to change them to a green color. Level 8 Derive the white squares so that they are in the shape of number 8. Level 9 Adjust the cursor completely until all letters in escape are burned. Level 10 Read the sign that says PEACE. Spell PEACE by igniting all letters with the word ESCAPE except the letter S.Level 11Add the level number at the bottom of the screen. 11.Press the buttons on the wall to enter the word e-h-e-v-e-n. Level 12 Click the letter in escape to turn it green, then click the button on the wall to keep the letter lit. Repeat the process until each letter is green. Level 13Inspect the image under the combination lock. Note the number of pages in each shape, starting with the largest shape and ending smallest. The square has 4 pages, the Pentagon has 5 pages, and the triangle has 3 pages. Enter a combination of 4-5-3.Level 14Lue character that says Knock knock knock. Click the door three times. Level 15Lick the word ESCAPE by licking letters; if you touch a single letter, it also affects adjacent left or right side. Just click the letter S and the letter P to change the entire character to green. Level 16Case character under the lock – each number refers to the letter of the alphabet, so A = 1, B = 2, C = 3, etc.5 = E, 19 = S, 3 = C, 1 = A, 16 = P. Spell word ESCAPE in lock. Level 17Add letters to change their color, then find one color they all have in common. Change all letters in ESCAPE to yellow. Level 18 Read the sign that says hold on. Press and hold the button until all escape letters are on. Level 19 The first 6 buttons select the letter in ESCAPE from left to right. The last button on the right is turned on or off for the selected letter. So to light the whole character, you need to press the buttons in order 1-7, 2-7, 3-7, etc. Level 20 Read sign that says 20! Change the letters in the lock letters so that the word t-w-e-n-t-y is typed. Level 21Lait sign that says move! Continue moving the mouse until all the escape letters are green. Level 22 In the panel, the numbers display 22 Level 23Paina all letters in escape to light them green. Level 24Send the sign on the right that says new newsPaina arrows in according to the letters. UP=N RIGHT=E DOWN=S LEFT=WSo press UP, RIGHT, LEFT, UP, RIGHT, LEFT, LEFT, DOWN. Level 25Add words to see that they say One Nine FiveType 195 on the keyboard.Level 26Type the letters above the door so that they are on the sign. Type S E E P A C to make the escape green. Level 27Send the sign that says 4x4. Press the fourth button 4 times to open the door. Level 28 The longer you press and hold the button on the right, the longer the light stays green When the light is green, press the letters to turn them green. Level 29Send the character that says the total. On the keyboard above, type type 0 4 0 (Because there are 40 total levels)Level 30 The left button selects the letter and the right button changes the letter to green. So, to select the first letter, press the left button 1 time, then repeat the button Next letter presses the left button 2 times and then the second button The next letter presses the left button 3 times, then the second button and so on until all the letters are green. Level 31 It's a reverse compass. Press the arrows according to the letters. UP=S RIGHT=W DOWN=N LEFT=ESo press RIGHT, LEFT, UP, LEFT, LEFT, Plane 32 By mark 724 rear. So type 427 Level 33Sorry can't remember the pattern. Continue pressing the letters until they are all green)Level 34Send the center button The Right button moves the selected letter to the right. The left button selects the button. Select the last letter, and then press the left button. Select next to the last letter, press the left button. Continue this until: all letters are green. Level 35Press o-t-t-f-f-s-s-e-n-tLevel 36C click the button to knock on the door and then gradually click higher. Level 37Klick E E E once, then S only twice, then C is three and the next 4.5.6.Level 38Light the lock parts to type escape. Level 39 Use the buttons to light all ESCAPE letters. Press the middle button A to start the letter. Continue clicking the center button to turn the letter A back on and move the light left or right until all the letters are on. Level 40Spell game name 4-0-x-e-s-c-a-p-e. What is roblox password in roblox? Asked by a Wiki user, does Jerry Seinfeld have Parkinson's disease?
