The central sections along the margin will provide the best views to action on all sides of the court. That said, the Q Arena offers additional amenities in several of the 100 level sections that may be even more enticing that section 107-110 and 124-127 (more on that below). Behind the basket sections is the least desirable, and when browsing tickets in these sections it is important to sit in higher rows to give yourself one at a time view of the whole court. The corner sections at the 100 level may be the best value seats in the house, as the view is great for the average price that these seats go for. Rocket Mortgage FieldHouse Seats - Huntington Bank Club Seats The Huntington Bank Club Seats are located in sections C107-C110 and C124-127, just above the standard 100 level. The extra elevation these departments offer is great for viewing the entire court, ideal to impress customers, friends, and family. These seats are as luxurious as it gets without having a suite at a Cleveland Cavaliers game. It is important to note that The Huntington Bank Club's positions include the 15-24 series. Floor seats at Rocket Mortgage FieldHouse There are several floor seating options for Cleveland Cavaliers games in Q. These Cavaliers seating options make up the Court Club, which includes access to an all-inclusive buffet, beer and wine, as well as a personal look at athletes as they walk in and out of the stadium during the game. The Court Club is available exclusively to season ticket holders, so when purchasing tickets in these areas on the secondary market be sure to check seller notes to ensure access to these privileges. Floor seats surround the court at Rocket Mortgage FieldHouse, but it goes without saying that the floor seats along the margin are the premier seats in the house. When you are sitting in the floor sections behind the basket, it is important to keep in mind that these seats have very little inclination, so you run the risk behind the higher men who can block part of the action for you. Cavs Position Chart - 200 Level Level 200 at Rocket Mortgage FieldHouse is the furthest level from the court, but still provides nice views if you're sitting in the right section. The best locations at the 200 level are on the sidelines in sections 207-210 and 224-227. It's also worth noting that series numbers are much more important at the top level than they are when sitting at level 100. Ideally, you don't want to sit higher than row 7. The angular sections at the 200 level will also provide a superior view to those along the baseline. That said, I'd rather sit in the first rows in a level 200 section along the baseline than in one of the corner sections in a row higher than 7, so that's something to keep in mind. Cleveland Cavaliers Bench Position at Rocket Mortgage FieldHouse The Cleveland Cavaliers bench is in front of section 127 and part of 126 while the visitors bench in front of section 124 and part of 125. Cavaliers Seats - Flash Seats The majority of seats/tickets for the Cleveland Cavaliers are issued via Flash Seats. What is Flash Seats? Rocket Mortgage FieldHouse Reviews It's one of the best arenas in the country. in very good condition, excellent viewing lines, well trained staff. very comfortable place to watch a game or a concert. within walking distance of the hotels in the city centre - via Tripadvisor.com Is one of the best places I've been. The stadium itself is very clean with excellent food and drink options. Go CAVS! - through the Tripadvisor.com mentioned that they have fireworks? And guys, it's amazing! I liked the energy in the stadium. It's electric and you're forced to get into the spirit. I'm not even a Cavs fan (I know, I know), but for the day I felt completely like becoming one! I mean, what's not to love King James? But deviate, cleanliness, service and food were all top notch. If you are looking for a great experience this is the place to be!
