The Allen Bradley Logix5000 family (ControlLogix, CompactLogix, FlexLogix, SoftLogix) has some very good guides. If you're just starting out or need retraining here are key guides and order I'd like to read them. If you have the RSLogix 50,000 installed, then you'll find some of them in the help of the 'gt; online book menus.' Review 16 also has some great videos in the training center. The basics to start there is a fast start guide. Logix5000 Controllers Fast Start Basics If you get into programming and designing the system, then you'll want to start with a general manual procedure. It has many useful examples dealing with all aspects of the system. Logix5000 Controllers General Procedures Programming Guide Next comes nitty gritty of each instruction. It's a good idea to at least read all the instructions, so you have an idea of what's available. Logix5000 Controllers General Instructions Guide to Logix5000 Management Processes Reference and Drives Instructions Guide to Links Guide logix5000 Controllers Instructions on Movement GuardLogix Security Instructions Set Reference Guide Is Often Overlooked By The Guide, but filled with great information to get the most portion of your projects is the Design Considerations Reference Guide. Of course, you need to read if you're on your knees deep in the design and programming of Allen Bradley's PLCs. Logix5000 Controllers Design Considerations Reference Guide Equipment Specifics Features for Equipment can be found in the user's guide and installation instructions for plc. ControlLogix ControlLogix System User Manual ControlLogix Instructions for Installation Controller and Instructions for The Installation of Memory CompactLogix System User Guide CompactLogix 1769-L20, 1769-L30 Installation Instructions CompactLogix 1769-L32E, 1769-L35E Installation Instructions Compactix 1769-L32C, 1769-L35CR Installation Instructions FlexLogix Systems User Guide FlexLogix Controllers Installing Instructions SoftLogix System Guide SoftLogix Controllers Installing Instructions GuardLogix Controllers User Guide GuardLogix Controllers Installing Instructions Network If You Decide On Which Network To See Ethernet /IP Ethernet Design Considerations for Network Management EtherNet/IP Modules in Logix5000 User Control System Manuman Guard I/O EtherNet/IP Security Modules User Guide ControlNet ControlNet Modules in Logix5000 DeviceNet Systems Control DeviceNet Modules logix5000 Let me know if any of them are broken or if I neglected one you think think Important.
