Exploring various cases - Piano and Violin - Songs - Choral Music - Singers - Opera - Orchestral Scores Points to remember a few words to finish Glossary's Answer to Self-Assessment Tests Recommended Reading Directions of Interest Thematic Index Start your review Learn to read music: practical keys to short, concise, easy-to-understand music theory with simple examples that allow for a correct understanding of music lessons. In short, I really enjoyed it, and would recommend it for those who want to enter the simplest (and not so easy) lessons about music writing. As I mentioned above, it doesn't go into too complex topics, and properly covers (or at least I believe) the most fundamental lessons.
