Home > Milwaukee 2557-20 M12 FUEL 3/8 Ratchet w/Compact Battery 2.0Ah & Boot Description for 2557-20: Our M12™ FUEL™ 3/8 Ratchet is the first wireless agent that gives i moment i compact size for the metily pneumatic ratchets in the industry. This wireless ratchet has up to 55ft-lbs max torque and 200rpm is the ideal fixer solution for automotive mechanics, repair techniques and maintenance workers that require maximum performance and convenient portability. The M12™-powered vehicle has a low profile head and wireless design that allows more access in tight spaces than competing units. With leading fuel™ technology, enhanced mechanism and cast-sail investment housing, this filling ratchet can withstand the daily wear and tear of jobsit for years of reliable use. Milwaukee's wireless ratchet eliminated the continued maintenance of pneumatic ratchets and the scourge of air pipes in the store. M12™ FUEL™ Ratchet provides maximum portability and productivity for a professional user. Up to 55ft-lbs Max Torque Torque Head profile for more access in tight spaces Greater endurance with FUEL Brushless Motor Pneumatic ratchet capacity with up to 55ft-lbs max torque Low head shape allows users more access in tight spaces Supply 200 rpm for increased productivity Leading industry FUEL™ technology, Amplified mechanized mechanized i investment cast of frontal yoke apartment gives more durability to professional user Providing first troops Ratchet in industry, POWERSTATE™ engine without a four-pointer delivers up to 2x longer engine life REDLINK PLUS™ intelligence prevents damage to the tool and battery due overloading or overheating REDLITHIUM™ batteries deliver more work per charge and more work over the life of the battery Variable speed metal trigger provides the ultimate control of the tool The LEDs™ batteries deliver more work per charge and more work over the life of the battery Variable speed metal trigger provides the ultimate control of the tool The LEDs™ batteries deliver more work per charge and more work over the life of the battery Variable speed metal trigger provides the ultimate control of the tool The LEDs™ batteries deliver more work per charge and more work over the life of the battery Variable speed metal trigger provides the ultimate control of the tool Part of the M12 system, It has over 80+ tools Description for 48-11-2420: The new Milwaukee 12-Volt Lithium-Iona Battery runs on the M12 Cordless Tool System i has 2.0-ampHours run-time. Milwaukee's M12 Redlithium 2.0 provides up to 2X more operating time, 20 Percent more power and 2X more charging than the standard Lithium-Iona battery. Redlithium 2.0 also provides the best results in the classroom in extreme conditions on the site of work. With Milwaukee endurance built into each pack, the Redlithium 2.0 battery works colder and works in a climate below -18C/0F with a fade of free power. Compact - more than 50 per cent smaller vs. vs. compacting, NiCd Battery Lithium-Iona Battery Delivers Duration and Duration with Unshusmable Charging Battery Fuel Meter Shows The Charge State on the 2-amp Hour Instrument - 24 Watt Hours Battery Lightweight Over 65 percent Lighter Compact NiCd Battery For Use with Milwaukee M12 Wireless Tool Description for 49-16-2557: MILWAUKEE M12 FUEL Protective Boot is for use with 3/8 and. Ratchet (2557-20). This ratchet boot provides a simple, durable solution to protect 3/8 v. ratchet tool and work surface. The durable rubber design will maintain the ideo-based materials that are usually found in maintenance environments. Not for use in live electrical circuits or in the vicinity. Use on any other product may cause damage to the tool engine and may invalidate the tool warranty. Form-fitting, lightweight design protects the tool and work surface and at the same time adds minimal size or weight tool Flexible material makes it easy to install and remove durable own rubber, designed to withstand the ductive materials that are usually found in maintenance environments Durable own rubber, designed to withstand the soybead materials normally found in maintenance environments, corresponding to M12 FUEL 3/8 in. Ratchet (2557-20) Includes: 49-16-2557 Rubber chiza only Description for 2557-20: Our M12™ FUEL™ 3/8 Ratchet is the first wireless instrument that gives i a moment i compact size for the metily pneumatic ratchets in the industry. This wireless ratchet has up to 55ft-lbs max torque and 200rpm is the ideal fixer solution for automotive mechanics, repair techniques and maintenance workers that require maximum performance and convenient portability.
