## Columbia jr high

11/15/2020 Hello Columbia Community, It was great to visit with so many families during our virtual parent/teacher conference last week. If you haven't already, check out our Senior Academy Video on how best to continue to support your student with remote learning. Progress reports in the 2nd quarter also stand out through a superior portal on the infinite campus. Please check and contact your teachers if you have any questions. You have heard before that the Board of Education has decided that all students in the APS will remain away until the end of the first semester in the interests of security. In Colombia, we will continue to work to support both the academic and social needs of all our students. In the coming weeks, students will be taking our district mid-term assessments and iReady maths and literacy diagnostics. The purpose of this is to help us continue to monitor academic growth and student understanding. Please encourage your students to get their best views on these grades so they can offer them the support they need. Below you will see what our advisory staff is working on with the students. If we can do anything different to support your student, don't hesitate to achieve it. Please continue to inform the school if your pupil has tested positive for Covid-19, has been exposed or has Covid symptoms. This is key tracking information and we have a number of resources to support families. If you have any questions, please contact Amanda Kennedy's sister at [abkennedy@aurorak12.org](mailto:abkennedy@aurorak12.org). Stay safe and take care of each other! They also give every student a laptop. It worked better than I imagined! Posted February 27, 2014 Cast with others Ok I have no idea what you're talking about. I'm a student at CJH and I like it here! Yes, things are tough, but that's because the teachers push you to your limit because they know you can do it! Teachers constantly encourage pupils and always offer help if we don't understand something. CJH is the best school there is, frankly very rarely do we have bullying problems or fights or anything like that. We all support and care for each other. Don't say things unless you've had too much experience in CJH. Go to schools somewhere else I mean even some Christian schools are not as good as CJH (no offense). If you have something negative to say, then maybe you. experience that you will columbia for two years, then you can give your opinion. Besides, I have nothing to say except that CJH is a wonderful place and I wouldn't choose any other school over it. Posted January 31, 2013 Cast with others This school is really disappointing for me, teachers are very ignorant and students feel unsafe at this school. Posted November 25, 2010 Cast from others sincerely hate this school most teachers are uneasy and have no patience to help students. if you don't understand the topic you have, they will think that you need a math tutor is the weakest,pe is lame. if you have marvin is the easiest published November 16, 2010 Cast with others I strongly disappointed in this school. When I came home from another school in Seattle, the day of the beginning of cougar kickoff showed me a lot of polish and promises. Three months at school, it's more than clear they just had a show. Posted February 24, 2010 Cast from Parents What a Fantastic School! Teachers are committed, comersed and truly understand the true art of teaching. The administration has done a wonderful job in establishing policies, disciplines and student interventions that cover many of the needs of junior seniors. Our closets are full of CJH equipment. CJH is Super Duper! \*School data provided by the National Center for Education Statistics, Pitney Bowes and GreatSchools. Intended for reference only.
