ATT TV NOW (formerly DIRECTV NOW) is a streaming service that provides subscribers with live TV channels, cloud DVR, and on-demand programming on the Internet. There is no contract, no cable box and you can use any internet provider you like. What is ATT TV now? ATT TV is now a TV streaming service from ATT that offers most of the channel you get through more traditional pay-TV services. It's essentially a way to watch TV online without having to cable. I'm going over the service features in this post, but you can try the service out after a 1-week free trial. The service will allow customers to watch 2 streams at a time per subscription and includes a cloud-based DVR. An additional third stream can be added for an additional \$5 per month. You will need some type of Internet access as soon as you drop your current pay-TV provider. Finish a check this article on home Internet providers for more information. Let's look at the channels available on this new streaming service. Try the free trial on ATT Now ATT TV Channels with ATT TV now, you can stream the broadcast networks of ABC, NBC, CBS and Fox in many local markets. ATT TV NOW streams local broadcasting affiliates to more than 200 markets. Where local channels are unavailable customers will be able to watch prime-time shows the next day on demand. You can even watch your local network channels when you are outside your local market. Check out the table in the section below to see which local broadcasting affiliates are available in your city. When it comes to channels such as AMC, HGTV and Discovery, ATT TV now mimics traditional pay-TV services better than most solutions out there. They offer almost every channel you can find by cable. However, channels are offered through three packages of links. PAKETS and prices of ATT TV NOW Table and information below provide an overview of the packages and prices of THE ATT TV. This practice is called zero rating and allows ATT to give preferential treatment to its services, leaving Internet providers who do not own television networks at a competitive disadvantage. But I got distracted. Subscribe to the 1-week free trial on ATT TV now ATT TV Supported DEVICES ATT TV is now supported on the following devices: ATT TV Now Review Rating While ATT now has all the components of the TV streaming service, it feels lacking areas. Key channels such as AMC, HGTV and missing from the most affordable packages. The DVR cloud only comes with 20 hours of recording. Having HBO and TV live for \$65 is the only reason to consider ATT TV now. If you're not looking for HBO, I check out Hulu Live TV or Sling TV. I rate ATT TV now 2 stars out of 5.
