If you like strategic games where you need to grow different plants, heterogeneous farm animals and expand your own farm, this toy is sure to appeal to you. The game will immerse gamers in agriculture. Users will have to deal with planting fields with different crops, baking delicious bread, farming and marketing of the finished products, and the money earned by them for hard work will have to develop their own farm and buy all sorts of agricultural machines, specially designed for field work. In addition, gamers who happen to have Hay Day, will have the opportunity to build their own small roadside store, which will sell a variety of products. The game contains many amazing opportunities to improve the farm, beautiful graphics and cute music. Breed and regularly care for farm animals, as well as cooking delicious cooking from fresh natural products collected on your farm. Agriculture in this game is not very complicated, just tap your fingers on the display device and admire the virtual farm life. Danae game is an excellent simulator where gamers will be engaged in the development of their farm. According to the story, the user becomes the owner of his farm. It is located in a beautiful and peaceful place. Noisy and dirty metropolises are far from this wonderful place. We should start with the establishment of order, as well as the restoration of abandoned buildings. The player will have to develop the agricultural business. As for Hay Day gameplay, it is extremely simple and does not have a complex understanding of the components. First, the user will get tips to understand the basis of the gameplay. There is no clear scenario for the player to follow. The gamer can independently determine in which direction to develop. You can grow certain crops, or hit the fishing business. When development reaches its peak, you can do everything at once. Collected resources can be sold or exchanged with other participants. Feature of the game: different tasks; simple operation; beautiful design. To complete the tasks, the user will receive virtual money and special stones. They will help speed up the construction of buildings and other facilities. This game is considered the best among the products of this genre. Farm like you've ever seen. Welcome to Hay Day, a gaming farm on the most popular mobile and tablets, ranked first in 122 countries. Experience living in the countryside, grow crops and sell your produce to your neighbors and friends. You will find an idyllic world; a world where it doesn't rain, but where crops never disappear.
