In it, gladiators fight each other very fiercely, not following any rules. But the fact is that these matches were written according to a script that is only for execution. Even so, WWE still gives viewers the thrill of drama, making viewers feel like watching an action movie. This show brought together the best martial artists in the world such as Seth Rollins, Roman Reigns, Rhonda Rousey, ... With the two main shows of this program, RAW and SmackDown has attracted a huge audience in the world and has brought in over billions of dollars each year. Inspired by WWE, MDickie developed Wrestling Revolution 3D, an exciting and dramatic combat game. Do you love the WWE game show on TV? Want to join this once? With a completely new version, this game will certainly satisfy sports game fans, especially wrestling. Meet the superstars of WWECome to fight the 3D revolution you will meet familiar names from many programs like RAW, SmackDown or even NXT. This game is your own for world famous superstars like Angel Dust, Monty Python, Demedo, Danny Might, etc. But before you do that, you should also consider the character's stats to decide whether to include them in the lineup. Because the character's stats are not quite the same as in real life and are fairly balanced, so you can train them as a real coach. The modes there are two selected game modes that include practice mode and competition mode. Like other classic wrestling games, Wrestling Revolution 3D allows players to select a character and then select an opponent for an upcoming match. Before you start, players can set up the arena according to their wishes (turn off the shadow, reduce crowd details, set limits on the size of the arena, turn on/off the referee). All the player sees is an American stadium and a wrestler's arena. Win heavy opponents and gradually climb up the ranks to become the best fighter in the world. The training mode will change the perspective of the character. Players can change freely by clicking on the sides of the menu window. The advice for those who are new to the 3D revolution fight is to choose a training mode first to familiarize yourself with the environment of the WWE competition, as well as further your practical fighting skills. You may not know WWE Mayhem is also a very interesting wrestling game. GameplayWrestling Revolution 3D has similar gameplay with other games of the same genre. In which players will participate in 1vs1 combat battles in the ring. Control the characters with the virtual buttons shown on the screen. Specifically, the buttons are up/down/right/left to move the symbol. A/G/R/P/T buttons help Execute attacks, fight, pick up pick up and throw it at the enemy. Lifting the opponent and fighting him to the ground, making him unable to move with his neck lock, lift him with a punch and make him unconscious. Even during the game, you can make fun of making the referee crazy. Change the character's perspective by clicking on the eye icon (in the right corner of the screen). Pause the camera angle by clicking on the watch icon. Although the basic controls are the same, each character has a different set of skills that are appropriate for each character's style. GraphicsWrestling Revolution 3D has extremely beautiful 3D graphics. Characters are modeled as real people, not only that scenes using wrestling skills are also very well done. Sound is a plus that makes matches more realistic, the referee's voice or character is also designed very well. When you win over your opponent, you will hear cheers and cheers, and his name echoes in the stands.
