Consumers should immediately stop using recalled products unless otherwise prescribed. It is illegal to resell or try to resell a recalled consumer product. Product Name: Lasko Ceramic Heaters Units: About 1.2 Million Manufacturer: Lasko Products Inc., West Chester, Pa. Dangers: The cord heater can overheat where it is part of the base of the device that may pose a fire risk to consumers. Incidents/injuries: Lasko received 28 reports of implicit power cords, including six reports of minor property damage. No injuries were reported. Description: This review includes Lasko ceramic heaters manufactured in 2005. Model numbers In the review: 5132, 5345, 5362, 5364, 5420, 5532, 5534 and 5566. The model numbers are located at the bottom of the device or at the back of the base of the heaters. Sold on: Major retailers, home discount home centers and department stores nationwide from September 2005 to April 2006 for between \$20 and \$50. Manufactured in: China Remedy: Consumers should immediately stop using heaters and contact Lasko to get a free heater replacement. Consumer Contacts: For more information contact Lasko at (800) 233-0268 at any time or visit the firm's website at the www.Laskoproducts.com of the U.S. Consumer Product Safety Commission (CPSC) accused of protecting the public from unreasonable risks of injury or death related to the use of thousands of consumer products. Deaths, injuries and property damage from consumer goods incidents have burdened the country by more than \$1 trillion a year. CPSC's work to ensure consumer safety has contributed to a reduction in consumer-related deaths and injuries over the past 40 years. Federal law prohibits any person from selling products subject to public voluntary recall by the manufacturer or mandatory recall by order of the Commission. For lifesaving information: Each Lasko product comes with a user manual because we believe that you should spend more time enjoying our products and less time trying to understand them. Search below to find a guide to your product. The Model 6350 Elevated pedestal design affectionate space heaters gets heat where you need it most at a sedentary height. The space-saving pedestal design uses only about one square foot of square. Features a timer function, wide wobble and a handy remote control.
