Blockchain Wallet, founded in 2012, is the most popular crypto wallet in the world with more than 53M, created in 180 countries. Thanks to our industry-leading low fees and user-friendly interface, more than \$620B has been said to date. Blockchain wallet allows you to buy, sell, send, receive, earn interest, store, exchange and exchange between cryptocurrencies, without even leaving the security of your wallet. This functionality separates us from the competition, which is why you should download your wallet from the Play Store today! Cryptocurrencies that we support: Bitcoin (BTC)Ethereum (ETH)Bitcoin Cash (BCH) Stellar (XLM)ALGO (Algorand)USDT (Tether)USD Paxos Standard (PAX)USD - LENDUSD - LENDUSD - YFIUSD - YFIWE regularly add new and interesting assets, which we regularly evaluate with our asset selection methodology. Features: Send Bitcoin, Ethereum, Bitcoin Cash, Stellar, Algorand, Tether, and USD PAX instantly to anyone in the world Earn up to 12% percent on BTC, ETH, USDT, and PAX annually. Please note that different interest rates apply to BTC and ETH. Borrow USD Digital Today - Get USD Digital directly from your blockchain wallet, use your bitcoin as collateral. You have to be at gold level to benefit from this new offer. (includes support for zR Code) The simple, easy-to-understand Swap interface makes sharing a crypto fun and frictionless experience. Market Access Seamlessly buy and sell bitcoins in 36 countries and exchange one cryptocurrency for another with live, best-in-class exchange rates from the security of your wallet. So they are more reliable and resistant to fraud than outside the Secure transaction chain Only you have access to your private keys and crypto. Set 4-digit contact or biometric authentication Keep the bad guys with advanced two-factor authentication Simplified backup and recovery with your unique 12-word backup phrase. You can create a new blockchain wallet or pair your existing web wallet on your mobile device. Download today for free! If you have any questions, our best-in-class support team is waiting to help you on support.blockchain.com or via official social media channels: Twitter: @Blockchain and @AskBlockchainFacebook: @BlockchainLinkedIn/company/blockchainInstagram: @BlockchainofficialYouTube: BlockchainTelegram: /blockchainexchangeVVKontakte: /blockchainruNotes on interest:interest accrued daily, paid monthly, and is a monthly rate. It is only available for users who have verified their identity with us and live outside of Canada and Japan. The current minimum deposit is \$100 worth of crypto. PAX and USDT are currently inaccessible in the United States and the United Kingdom. 1 6.34.3 30.37MB 1 6.27.2 22.68MB 1 6.25.5 13.27MB 1 6.25.5 10.68MB 1 6.25.4 10.68MB 1 1 6.25.3 13.28MB 1 6.25.3 13.28MB 1 6.25.3 10.68MB 1 6.25.3 10.68MB Blockchain Wallet Management on Android devices can be done with ease if you have the right tools. Since Bitcoin is a very expensive currency, keeping it safe is the most important aspect, and the Bitcoin Wallet app makes it its main goal. With the Bitcoin Wallet app for Android, users will be able to send and receive Bitcoin instantly, and they will be able to control their funds. Because the application is open source, it has been verified by security experts and ensures maximum line security. Other features include hierarchical deterministic address architecture, simplified backup and recovery with a 12-word recovery phrase, more than 20 currency conversion rates, paper wallet import function, code support, and more. Keep you Bitcoin funds safeSend and receive funds with easeStay in control at all times Updated: October 9, 2020 You are ready to download Blockchain Wallet 7.2.1 apk file for Android 5.0 and above (free financing app): Blockchain Wallet: Buy and sell Bitcoin and Crypto.
