Why does Summertime Saga apk attract so many people? Now we share some of the unique features of the mobile version of Summertime Saga, gameplay and feedback after the game over a period of time. Let's see what it has and how attractive it is. Warning: This game has adult content that restricts those under the age of 18. If you are 18 years old, you have the right to play and continue to read this article. Summertime Saga Apk - The game's most unique feature was officially released on October 18, 2019 and was supported by donations to Patreon. Donations? Have you ever heard of a donated game? If you don't, then this part will help you understand about the most unique feature of the game. The team has seven people, but the most significant of them is DarkCookie, which is responsible for design, art, storylines and dialogues. He is also the first to create the game and asked for support and donations. Since this game is built and developed through donations, the content and quality of the game depend on how much money the game gets. The more money, the more time the team spends on the development of the game. Of course, you can still download and play Summertime Saga Apk for free, but there are many things you can do when donating a monthly fee. First, you will help the team and keep them motivated with money. Indeed, no one works and does not provide a great service for free. Second, you'll get an exclusive latest version of Summertime Saga Apk whenever it's released on the market. You will be the first to play in the latest updates of the game. You can then give DarkCookie feedback on the game's content, quality or storyline. Finally, you can watch DarkCookie running online through its live streaming and after that should be improved on the Patreon page. Summertime Saga Apk - Features In this part, you'll know the future features and characters in the game. Let's check it out now! Type of Game: Visual Novel/Dating Sim Story progressionStages: 3 basic Minigames quests to enhance experienceVast map: over 50 places to visit, 50 characters to meet the various items used in gameStats: Health, Energy, Money Dating modeCut scenes As you can see, there are plenty points in the game. The visual novel story of progression forces players to imagine how they watch the movie, or in the game, to make their own decisions. Solutions. Places with so much to explore, while the 50 characters will make the story potentially expanded as you will interact with many people. There are also mini-games and cut scenes to keep players curious and spend a lot more time playing. This is why people become addicted to the Summertime Apk saga. You will desire to see hidden scenes and gain your experience by playing mini-games. However, this is not a one-version of the game as DarkCookie is still in the process of creating high-quality content and expanding the storyline. According to him, this game is built in the long term and is very promising. Summertime Saga Apk - The gameplay review of the Summertime Saga Apk is as simple as many other games, but also has one unique moment to develop the story. An interesting origin story there is a young man living in a small suburban town and is about to go to college this summer. Unfortunately, he suffers from the death of his father, which is mysterious and against a group of criminals. He later learned that his father owed these bad guys a lot of money. However, this young man has to live, pay to go to college and find a prom date. 18 content As mentioned earlier, Summertime Saga Apk is an adult game that includes 18 content, images and expressions. You will see hot girls and women interacting with the main guy, joining his life, and giving clues as to what he is investigating. Most options lead to romantic relationships and affairs. You will also see hot scenes between the guy and the other ladies and women in the game. There are also censored images as this game is labeled adult only. Visual novels modeVisual novel game is a story of progression type and offers many options for you to choose from. Each choice will lead you to different situations, and the plot will evolve this way, too. So, there are a lot of options that you can try and it makes people excited as they are really in the game. The lively animation images in the game are on high quality and are designed in Western style (not like Japanese anime). The animation is smooth, while the emotions of the characters are expressed vividly. Art seems like a great comic book, but the storylines are bigger than that. You'll partially decide what happens next, while attracting the plot at the same time. Sounds interesting, doesn't it? The final words of summertime Saga Apk is the best dating sim mobile game in the world right now. It not only has quality images, but also brings an attractive plot that satisfies even tough people. However, remember that this is only for those over the age of 18 because of 18 content and images. But we have to say that these girls are really hot then! All the right reserved graphic adventures for adults have been released continuously since this First appeared. Among the most popular ones we must surely mention the Sierra classic leisure costume Larry, which had to peculiar swollen character to make it big in the nightclub world. It became a big hit in the late 80s thanks to its graphics, which made the most of the 256-color VGA graphics cards, giving way to the prolific Larry saga. Those of us who were lucky enough to play point-and-click graphic adventures back then, and who are being overtaken by other genres and styles in the adventure games universe, tend to welcome any new game that is inspired by the same gameplay, although the truth is that on Android it's not quite the same because we can't use our mouse. Classic graphic adventure for adults Well, Summertime Saga game is funded by Patreon and that has come to revive these graphic adventures for adults in a title that we can download as apk format for Android in versions for Windows and Mac computers. With graphics that remind us of Japanese manga, though adapted to Western audiences, this is a story in which the main character deals with the murder of his father while he lives a normal life at school. Well, not quite ordinary, but he lives surrounded by half-naked women with curves that defy the laws of physics. That's why it's for adults, because there are a few situations that should be rated as 18. It's hard to find out who killed your father, distracted. As for the gameplay, we talk about the point and click adventure with a first-person view in which we can interact with different elements on the script (open, pick up, handle ...), talk to other characters like Judith, Roxy or Jenny, move around the settings ... Overall, it's not the best graphic adventure in history (this honor probably belongs to the Secret of Monkey Island or Tentacles Day), but it's quite decent. However, we can't be too happy that it has to show half-naked women to attract a possible audience. Audience. summertime saga mod apk download for android latest version
