Android TV is an operating system, Google, which suffers from a lack of applications optimized for the big screen. However, you can get around this problem with APK files: Since Google Play on TV doesn't offer the same options as the mobile version, you can also download apps from outside the official store. How to install free apps in APK Step 1: Access to Android TV settings. Step 2: Choose the Security and Restrictions option. Step 3: Select Unknown Sources. Step 4: Change resource status to included. How do I transfer APK to Xiaomi Mi Android TV? Step 1: Download the APK file to your mobile phone using your mobile phone. Step 2: The easiest way to get APK files on Android TV is the ES File Manager app. Download the app, install it, and get access to the Sender function from the main menu to get a shared file. Step 3: Choose the Option Get. Step 4: Download ES File Manager and install it on your Android phone. Include the same file-sharing feature. However, this time, choose the Send option. Then select the APK file you want to pass. Step 5: Choose Android TV on the screen to start broadcasting. How do I install and use APK on Xiaomi Mi TV 4/4A/4C/4X/Pro? Step 1: After receiving THE APK, select The Internal Store from the ES File Explorer side menu. Then open the esShare folder. Step 2: Your APK app will be stored in a folder. Use the arrows on the TV remote to select the item and click to open it. Step 3: Choose Set to save the new app on your TV. Step 4: Apps on APK don't get a label on the Android TV launch screen. To access it, you need to access the Apps menu in the settings. Step 5: Then search for the app in the Downloaded Apps line.
